Underground power may provide an estimated increase in property value of approximately \$12,000 per residential property. In accordance with section 5.63(1) of the <i>Local Government Act 1995</i> the interest is exempt as it is an interest in common to a significant number of electors and ratepayers.
13/12/2022	Cr Ross Ioppolo	Council Member	Proximity interest	Item 12.3 Vincent Underground Power Project - five additional project areas	The extent of his interest in this matter is that his property is within the Project Zone, albeit on a main road where the likely benefits of the Project may be somewhat limited. Transmission lines are located on main roads and he is advised that the full benefit of the Project, to his residence, may be limited as compared to other properties. This is an interest in common with a significant number of ratepayers covering an estimated 10,482 electricity service meters to properties in the City of Vincent. Underground power may provide an estimated increase in property value of approximately \$12,000 per residential property but it is unclear whether this would apply to my property. In accordance with section 5.63(1) of the <i>Local Government Act 1995</i> the interest is exempt as it is an interest in common to a significant number of electors and ratepayers.
