  2. **City of Vincent Health Local Law 2004 - Amended**
  3. **Review of Local and State Regulatory Frameworks - Poultry and Bees**

**RECOMMENDATION:**

That Council **AUTHORISES** the Chief Executive Officer to provide local public notice in accordance with section 3.12(3) of the Local Government Act 1995, for a period of at least 6 weeks, stating that:

1. it is proposed to repeal the *City of Vincent Dog Local Law 2007* and replace it with the *City of Vincent Animal Local Law 2021* at Attachment 1;
2. it is proposed to repeal Divisions 2, 3, 4 and 6 of Part 5 of the *City of Vincent Health Local Law 2004* as set out in Attachment 2;
3. the purpose of the proposed *City of Vincent Animal Local Law 2021* is to:
  - 3.1 provide for the effective management, control, and regulation of the keeping of dogs, cats, large animals, animals of potential burden, poultry, pigeons, miscellaneous birds and bees within the City;
  - 3.2 effectively control and manage cat numbers, confinement, and curfews for cats, consistent with the State Government review findings from November 2019; and
  - 3.3 to effectively deter failing to comply with select provisions of the proposed *City of Vincent Animal Local Law 2021*; and
4. the effect of the proposed *Animal Local Law 2021* is to:
  - 4.1 introduce regulations, conditions, and penalties relating to the keeping of dogs, cats, large animals, animals of potential burden, poultry, pigeons, miscellaneous birds and bees within the City;
  - 4.2 introduce a regulatory framework for the control and management of cat numbers, confinement, and curfews for cats; and
  - 4.3 introduce modified penalties for failing to comply with select provisions of the proposed *Animal Local Law 2021*.

**PURPOSE OF REPORT:**

To consider:

- the removal of marked sections of the *City of Vincent Health Local Law 2004*;
- the repeal the *City of Vincent Dog Local Law 2007*; and
- the making of *City of Vincent Animal Local Law 2021* (Animal Local Law),

in accordance with s 3.13 of the *Local Government Act 1995* (Act).

**BACKGROUND:**

On 7 March 2017, Council resolved to review the *City of Vincent Health Local Law 2004* (Health Local Law) "to consider the easing of provisions relating to restrictions on keeping poultry". The Health Local Law is enabled by the *Health (Miscellaneous Provisions) Act 1911*. This Act will be superseded during Stage 5 of the *Public Health Act 2016* (Public Health Act) implementation, which is now scheduled for 2022-2023 after being delayed due to the COVID-19 pandemic. Once this has occurred a full review of the Health Local Law would be required so that it aligns with the Public Health Act.

Since this decision, there has been a proposal for cat requirements to be included with a local law, in the same way dog requirements are captured in the City of Vincent *Dog Local Law 2007* (Dog Local Law). It was considered that all animal-based requirements could be included in one local law.

This has resulted in the proposal to develop and introduce an Animal Local Law, which would be formed under the *Local Government Act 1995*. This local law would consolidate all animal-based requirements from existing local laws. This approach has been implemented by other local governments.

#### **DETAILS:**

The objective of a new Animal Local Law (**Attachment 1**) is to provide for the effective management, control and regulation of the keeping of dogs, cats, large animals, animals of potential burden, poultry, pigeons, miscellaneous birds and bees within the City. This Local Law would contain requirements for owners and occupiers of land within the City which apply to the keeping animals.

The creation of an Animal Local Law would see the [Dog Local Law 2007](#) repealed and amendments made to the [Health Local Law 2004](#), including the removal of Division 2, Keeping of Animals; Division 3, Keeping of Large Animals or Animals of Potential Burden; Division 4, Keeping of Poultry and Pigeons; and Division 6, Bee Keeping. A tracked version of the Health Local Law showing these changes is at **Attachment 2**. The Animal Local Law would also include cat requirements.

To inform changes to poultry and bees requirements, Administration has undertaken a review of State, Territory and National legislation and/or policy provisions. A full summary of the review of poultry and bee keeping laws can be found at **Attachment 3**. The proposed Animal Local Law would adopt a flexible approach to keeping of poultry and bees within the City of Vincent, while still striking a balance between deregulation and the protection of amenity/public health.

The draft Animal Local Law has been reviewed by Jackson McDonald Lawyers.

To summarise, the proposed amendments and additions to the Animal Local Law which relate to specific animals are as follows:

#### **Cats**

The new provisions relating to cats in the Animal Local Law would allow for Council to introduce cat prohibited areas to control cat wandering on to City land, require a licence for the keeping of more than 3 cats over 6 months at one premises and allow for action to be taken against cats deemed to be a 'nuisance'. The term 'nuisance' covers when a cat is harmful in a manner that gives rise to legal liability, causes damage to land/property or unreasonable interferes with the use and enjoyment of another person's property. Modified penalties would be included for the offence of allowing a cat to enter a prohibited area, not gaining or complying with a licence when required, owning a cat that causes a nuisance or failing to comply with a cat nuisance notice.

Under the proposed provisions of the Animal Local Law cat prohibited areas could be introduced by an absolute majority decision of Council.

To ensure consistency among local governments, as per the State Government review findings from November 2019, there is strong support for cat numbers and confinement/curfew of cats to be implemented at a State-wide (in legislation) level, rather than through individual local laws. The Animal Local Law does not propose to introduce cat confinement or curfew requirements.

#### **Dogs**

The existing Dog Local Law would be repealed and transitioned to the proposed Animal Local Law. The content remains unchanged in the majority, with minor amendments to the penalties applicable for committing an offence. There have been no additional provisions included. Dog exercise areas would continue to be introduced or removed by way of an absolute majority decision of Council.

#### **Poultry**

The new provisions relating to poultry in the Animal Local Law include the following changes:

- Removal of setbacks, ensuring there is a focus on assessing nuisance instead;

- Removal of the Poultry Prohibited Area;
- Provisions relating to cleanliness, maintenance and management;
- Adoption of a 'nuisance' definition;
- Reduction in the maximum number of poultry from 12 to 6, unless otherwise approved; and
- Removal of prescriptive provisions such as the requirement to have impervious floors in enclosures.

### **Bees**

Provisions within the new Animal Local Law proposes to remove prescriptive requirements including setbacks and introduce reference to the '[WA Apiarist Society Best-Practice Guidelines for Urban Beekeepers](#)'. This approach would be more flexible for owner/occupiers within the City to keep bees.

Following advertising, any submissions and proposed modifications would be presented to Council for a final decision before publishing the final version of the Animal Local Law in the Government Gazette.

### **CONSULTATION/ADVERTISING:**

In accordance with section 3.12 of the *Local Government Act 1995*, the City would provide public notice of the introduction of a new Animal Local Law in the following ways for a period of no less than six weeks:

- notice in local newspapers; and
- notice on the City's website, social media and e-newsletter.

The consultation would also meet the objectives of the Community and Stakeholder Engagement Policy and Strategy.

### **LEGAL/POLICY:**

Section 3.12 of the *Local Government Act 1995* sets out the requirements for making a local law, and S.3.12(2) specifies:

*At a council meeting the person presiding is to give notice to the meeting of the purpose and effect of the proposed local law in the prescribed manner.*

Section 3.13 of the *Local Government Act 1995* provides:

*If during the procedure for making a proposed local law the local government decides to make a local law that would be significantly different from what it first proposed, the local government is to recommence the procedure.*

- City of Vincent *Dog Local Law 2007*;
- City of Vincent *Health Local Law 2004*;
- *Local Government Act 1995*;
- *Dog Act 1976*;
- *Cat Act 2011*;
- *Health (Miscellaneous Provisions) Act 1911*; and
- *Public Health Act 2016*.

### **Election Period Statement**

The decision the Council may make in relation to this item could constitute a 'Major Policy Decision' within the context of the City of Vincent Election Period Policy, however an exemption should be made because the decision only commits Council to seeking public consultation in accordance with statutory requirements prior to considering formal adoption of the local law.

### **RISK MANAGEMENT IMPLICATIONS**

Low: It is low risk for Council to provide public notice of the proposed Animal Local Law.

### **STRATEGIC IMPLICATIONS:**

This is in keeping with the City's *Strategic Community Plan 2018-2028*:

Innovative and Accountable

*We are open and accountable to an engaged community.  
Our community is satisfied with the service we provide.*

**SUSTAINABILITY IMPLICATIONS:**

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

**PUBLIC HEALTH IMPLICATIONS:**

This is in keeping with the following priority health outcomes of the City's *Public Health Plan 2020-2025*:

*Reduced exposure to environmental health risks*

**FINANCIAL/BUDGET IMPLICATIONS:**

The costs of advertising the Animal Local Law can be covered by the City's operational budget.

The introduction of infringement notices in the Animal Local Law may generate a small amount of revenue for the City.

**COMMENTS:**

The introduction of provisions with regards to cats would assist in encouraging cat owners to keep their cats inside, in line with the current provisions in place for dogs.

The proposed changes also provide flexibility where appropriate for the keeping of poultry and bees within the City of Vincent.

<p>Guidelines</p> <p><a href="#">Best-Practice Guidelines for Urban Beekeeping</a></p>	<ul style="list-style-type: none"> <li>• Number of hives – Maximum of two for properties up to 400m<sup>2</sup> and four for properties between 400m<sup>2</sup> and 1,000m<sup>2</sup>, noting the following:                             <ul style="list-style-type: none"> <li>○ Good management involves splitting the hives which involves retaining the original and split hive for a period of no longer than three months.</li> <li>○ These are maximum numbers and configuration of beekeepers property versus neighbour’s property, including gradient and vegetation should be considered.</li> </ul> </li> <li>• Hive positioning – Quiet sunny area with entry facing north-east direction, minimum allowance of 30cm between hive entry and fence where the solid fence height is a minimum of 1.8m. Otherwise a 3m boundary setback is required. Not positioned near windows and doors as bees can be attracted to bright lights.</li> <li>• Flight paths – Bees establish a distinct route, and this should be well clear of adjoining properties or public areas.</li> <li>• Water provision – Required close to hives (preferred within 5m) to avoid travelling to nearby swimming pools, bird baths and taps which can cause a nuisance to neighbours.</li> <li>• Notification to neighbours – This is encouraged.</li> </ul>
