RECOMMENDATION**That Council:**

1. **PREPARES** a notice of revocation for Local Planning Policy No. 7.5.9 – Home Business, Home Occupation, Home Office and Home Store (Attachment 1) and Local Planning Policy No. 7.5.20 – Street Addressing (Attachment 2) in accordance with Schedule 2, Part 2, Clause 6 of the *Planning and Development (Local Planning Schemes) Regulations*;
2. **AUTHORISES** the Chief Executive Officer to carry out community consultation on the proposed revocation in accordance with Schedule 2, Part 2, Clause 4(1) of the *Planning and Development (Local Planning Schemes) Regulations 2015*;
3. **PUBLISHES** the notice of revocation in accordance with Schedule 2, Part 2, Clause 6(b)(ii) of the *Planning and Development (Local Planning Schemes) Regulations 2015*, if no submissions are received during the community consultation period; and
4. **NOTES** that if any submissions are received during the community consultation period, that these would be presented to Council for consideration.

PURPOSE OF REPORT:

For Council to consider rescinding Local Planning Policy No. 7.5.9 – Home Business, Home Occupation, Home Office and Home Store (LPP No. 7.5.9) and Local Planning Policy No. 7.5.20 – Street Addressing (LPP No. 7.5.20), and to carry out community consultation on the proposed revocation.

BACKGROUND:LPP No. 7.5.9

LPP No. 7.5.9 as seen in **Attachment 1**, was developed in 2014 and provides guidance and assessment criteria for four home based business types (Home Business, Home Occupation, Home Store and Home Office).

A year after LPP No. 7.5.9 was established, the Department of Planning, Lands and Heritage gazetted the *Planning and Development (Local Planning Schemes) Regulations 2015* (Regulations). One of the main purposes of this document was to set out state-wide exemptions to development, including works and use proposals. The Regulations exempt Home Offices while the City's Local Planning Scheme No. 2 (LPS2) exempts Home Occupations.

LPP No. 7.5.20

LPP No. 7.5.20 as seen in **Attachment 2**, was originally adopted in March 2001 and later amended in July 2009. LPP No. 7.5.20 provides a framework for street addressing and numbering, including information relating to how renumbering may occur on request.

DETAILS:LPP No. 7.5.9

A review of each of the individual types of home based businesses, how they are currently assessed and the impact of LPP No. 7.5.9 being removed or remaining is outlined in **Attachment 3**. To summarise, two home business types (Home Office and Home Occupation) are exempt and will continue to be exempt by the Regulations and LPS2, removing any need for further policy guidance on these use classes.

Development applications are required in all instances for Home Business and Home Store uses. LPP No. 7.5.9 sets out deemed-to-comply standards for these use classes. These deemed-to-comply standards have generally been replaced by the matters that must be given due regard in the Regulations, the requirements set out in LPS 2 definitions of each use class, as well as the parking management requirement for all non-residential development in the City's Local Planning Policy No. 7.7.1 – Non-Residential Parking Requirements (LPP No. 7.7.1).

LPP No. 7.5.20

A local planning policy is not the correct mechanism to guide the City's street numbering. LPP No. 7.5.20 is a duplication of existing guidance provided by [Landgate](#) and the Australian Standard 4819-2011 Rural and Urban Addressing (Australian Standards). The Australian Standards effectively cater for all street numbering requirements.

CONSULTATION/ADVERTISING:

In accordance with the City's Community Consultation Policy ([Appendix 2](#)), community consultation of all new and significantly amended policies must be provided for a period exceeding 21 days in the following ways:

- notice published on the City's website;
- notice posted to the City's social media;
- notice published in a local newspaper;
- notice exhibited on the notice board at the City's Administration, Library and Local History Centre; and
- letters distributed to relevant local businesses and community groups.

Community consultation of the proposed policy rescission would be provided as per the above.

While the Regulations allow for the removal of a policy without consultation, Administration proposes that where a submission is received, the comment and response would be presented to Council for consideration.

Where no submissions are received, the policy would be rescinded.

LEGAL/POLICY:

LPS2 provides the ability for the City to prepare local planning policies.

The Regulations provide the criteria for creating, amending, and reviewing local planning policies.

Development controls are contained within LPS2.

The City's [Policy Development and Review Policy](#) sets out the process for the development and review of the City's policy documents.

RISK MANAGEMENT IMPLICATIONS:

Low: It is low risk for Council to provide public notice of the proposed rescinded policies.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's *Strategic Community Plan 2018-2028*:

Thriving Places

We encourage innovation in business, social enterprise and imaginative uses of space, both public and private.

We are recognised as a City that supports local and small business.

Sensitive Design

Our planning framework supports quality design, sustainable urban built form and is responsive to our community and local context.

SUSTAINABILITY IMPLICATIONS:

This does not contribute to any specific sustainability outcomes of the *City's Sustainable Environment Strategy 2019-2024*.

PUBLIC HEALTH IMPLICATIONS

This does not contribute to any priority health outcomes of the *City's Public Health Plan 2020-2025*.

FINANCIAL/BUDGET IMPLICATIONS:

Aside from operational budgets to advertise a policy rescission, there are no financial impacts to revoke each policy.

COMMENTS:

With the introduction of the Regulations, LPS 2 and the revised LPP No. 7.7.1, it is no longer necessary for the City to have policy provisions specific to home based businesses as the use class definition, matters to be given due regard and the parking management plan requirements are adequate for the City to assess any development application. To remove ambiguity between the requirements of the Regulations, LPS2 and LPP No. 7.5.9, it is recommended that LPP No. 7.5.9 be rescinded.

The City has provided the main contents of LPP No. 7.5.20 in a fact sheet which can be used to assist the public in relation to street addressing following the rescinding of LPP No. 7.5.20.

STREET ADDRESSING

OBJECTIVES

1. To ensure the correct street addressing and clear identification of all properties within the City of Vincent.
2. To allocate street addresses that are unique, clear, logical and unambiguous.
3. To outline the process and procedure of numbering and renumbering properties within the City of Vincent.

POLICY STATEMENT

1. Determining the Street Address

The main access from a road to a property (i.e. front door) determines the correct street address. Properties must have the street number clearly displayed and visible from the road. This is in accordance with the Landgate guidelines and to meet the requirements of Emergency Service responders and other service providers.

2. Size and Siting

- i) The letterbox must be located on the front boundary of the property, close to the main access with the allocated street number clearly displayed. Large reflective numbers are recommended.
- ii) The minimum dimensions for each number on a residential letterbox are 75 millimetres high.
- iii) The minimum dimensions for each number on a non-residential property are 150 millimetres high.
- iv) The owner or occupier of the subject property is to paint or affix and maintain the current number upon a conspicuous and visible place on the front of a building on the property or on the fence, wall, or letterbox adjacent to the road fronting the property, within 14 days after the property is first occupied. Numbers are to be clearly displayed and visible and legible from the road.

3. Street Addressing for Subdivisions and Developments

- i) The start point for street addressing is to commence from the start point of the subject road. The following methods are to be used to determine the start point:
 - a) for roads between two other roads, the start point is to be at the intersection of the road of higher order, in relation to road hierarchy; and

POLICY NO: 7.5.20
STREET ADDRESSING

- b) for roads of equal order, the start point is the closest to the General Post Office (GPO) Perth; and
 - c) the start point for culs-de-sac is the entrance to the road.
- ii) Street Addressing Patterns
- a) Street addresses will be consecutive and where a street address has been allocated to a property, then that address must be used.
 - b) Odd and even numbers cannot be used on the same side of a road.
 - c) Odd numbers will generally be allocated to the left hand side of a road, and even numbers to the right hand side, commencing from the start point.
 - d) Every lot will be allocated a street address, including reserves, schools, public utilities, drainage reserves and the like. Usually one street address will be allocated per lot, but if foreseen by the City of Vincent and where possible, additional numbers will be set aside to allow for the development potential of the subject lot.
 - e) Where a lot has two road frontages and the orientation of the dwelling/building has not yet been determined, then the subject property will be allocated a street address for both roads where possible. In accordance with the Australian/New Zealand Standard, upon completion of the development, a primary address in one frontage shall be allocated. The unused number will be reserved in case of future use.
 - f) All street addresses will be sequential, ranging from the lowest to the highest, for example 1, 1A, 2, 2A, 3, 4, 5, 6, 7 and so on.
 - g) If a new subdivision is being developed in stages and the first stage occurs in the middle portion of what will eventually be a continuous road of dwellings or buildings, an estimate will be made of the total number of lots likely to be created along the entire road. This will be aligned with the Residential Design Code provisions for density, and lot frontage widths for properties.
- iii) Street addresses for subdivisions, amalgamations, survey strata and strata subdivisions will be allocated at the clearance/endorsement of documentation stage. In the case of amalgamations, the City of Vincent reserves the right to retain any street addresses not used, as it deems appropriate.
- iv) Single houses and grouped dwellings may be required to share a street number.

Date last Amended: 14 July 2009

CITY OF VINCENT PLANNING AND BUILDING POLICY MANUAL
DEVELOPMENT AND DESIGN
POLICY NO: 7.5.20
STREET ADDRESSING

- v) If a property containing a retained existing dwelling/building is redeveloped with an additional dwelling/building at the rear and there is only one street number available, the existing dwelling/building will retain the original street number and the new dwelling/buildings will be allocated in accordance with Clause 3) vii).
- vi) If an existing lot is developed and split adjacent to the road into two or more separate lots with direct road frontage, the following provisions will be applied;
 - a) where available, whole street numbers will be allocated and the allocated property numbers will follow the current street numbering pattern; or
 - b) where there is only one street number available, the lot closest to the road starting point will retain the original street number and thereafter numbers with suffixes will run sequentially from that point.
- vii) Where there is only one street number available, developments will be allocated suffixes, for example 1A, 1B, 1C and 1D. Where more than four (4) suffixes are required, they will be allocated with a numeric prefix, for example 1/17, 2/17, 3/17 and so on.
- viii) Where there is a mixed-use development (as per the Residential Design Codes of Western Australia), standard street address rules apply.

4. Changing Street Addresses

- i) The City of Vincent will only consider altering the address of a property if there are difficulties associated with its identification.
- ii) Requests to change the street address of a property will be submitted on the relevant application form authorised by the owner and payment of the relevant application fee contained in the City of Vincent Schedule of Fees and Charges.
- iii) The City of Vincent cannot accede to requests for a change in street address in the following circumstances:
 - a) the number is considered unlucky;
 - b) religious reasons;
 - c) to improve the 'feng shui' of the property;
 - d) personal preferences;
 - e) the number is not good for business;
 - f) effect on property value; and/or
 - g) is contrary to this policy;and the like.

STREET ADDRESSING

- iv) Unused street numbers which have been set aside for a corner lot, in accordance with clause 3) ii), will not be reallocated to the adjoining property as this number may be required for future subdivision.
- v) The City of Vincent will only consider reallocating other unused street numbers if the adjacent properties cannot be redeveloped.

5. Consultation

- i) The City of Vincent will consult with the owners and occupiers of the affected properties where a change in street address is being considered.
- ii) Consultation is to be in accordance with the City of Vincent Community Consultation Policy and be undertaken for a fourteen (14) day period.
- iii) The City of Vincent will consider all valid submissions in the determination of the proposed change in street address.

6. Notification

- i) Where a change to a street address is approved, the City of Vincent will immediately notify Landgate. Landgate will include the new/amended address in the State of Western Australia's Address Database. The following agencies and organisations will also be notified by the City of Vincent:
 - Australian Electoral Commission;
 - Western Australian Electoral Commission;
 - Telstra;
 - Alinta Gas;
 - Synergy;
 - Water Corporation;
 - St John Ambulance;
 - Fire and Emergency Services Authority of Western Australia;
 - Australia Post; and
- ii) All costs associated with the change of street address notifications remains the responsibility of the property owner/developer. This includes the replacement or relocation of letterboxes, costs of new numbers, and amendments to numbers on buildings. Informing all other agencies or organisations, business contacts, family, friends and acquaintances and amendments to business and personal stationery, of changes to the street address, is the responsibility of the owner/s. The City is unable to change personal details.

7. Definitions
