2. **ACCEPTS the tender submission of Skate Sculpture for Tender PP249/2023 Mount Hawthorn Youth Skate Space (Design and Construct).**

PURPOSE OF REPORT:

For Council to accept the tender submission of Skate Sculpture for Tender PP249/2023 Mount Hawthorn Youth Skate Space (Design and Construct).

BACKGROUND:

The Mount Hawthorn Youth Skate Space (MHYSS) Concept Plan was endorsed by Council at its Meeting on 13 December 2022. The project site is located on the western side of Britannia Reserve, adjacent the pump track and includes a small-scale skate space and associated landscaping.

The Concept Plan presents a skate space that would be approximately 350sqm. The skate space and elements have been designed to cater towards younger children and entry-level skaters, with all elements being under 1m high from the current surface level. This is deemed appropriate for young children to safely use and includes amenities such as shade structures and seating to allow parents and families to comfortably spend extended periods of time at the location.

The skate space has been designed to enable a suitable buffer zone through planting and greenspace to clearly separate the skate space and the reserve, adjoining active pathway, and sporting grounds to limit impacting current user activities such as sporting and dog walking.

The skate space component is being primarily funded by a State Election commitment of \$200,000, with the City to contribute funding for the remaining works.
