### 2. Apologies

Mx Johnny Doan (JD), Mr Nathan Giles (NG), and Mr Eduardo Cossio (EC)

### 3. Previous Minutes

Minutes from the previous meeting held 24 February 2021 were tabled for discussion. No comments or amendments were made.

#### 4. Business

##### 4.1 Australian Baroque presentation (HK)

- HK gave a presentation to the group about Australian Baroque, the only baroque orchestra in Western Australia.
- The orchestra has been involved with various local governments on different baroque projects.
- Some recent highlights include 'House Concerts', 'Bach and Beers', 'the Coffee Cantata' and 'The Pigeon and the Albatross'.
- Australian Baroque also partner with schools and universities with performances that range from 1 baroque player up to 30.
- The AAG group welcomed the presentation and were enthusiastic about opportunities for the City of Vincent to partner with Australian Baroque in the future.

##### 4.2 AAG member vacancies, EOI process (LF)

- LF advised that there were currently two vacancies for AAG membership
- An EOI would be sent out once the CoV webpage had been updated and the nomination form activated. The EOI will be advertised through various social media channels, public notices and through the Arts Hub.
- The group agreed that recruiting an Aboriginal AAG member was very important.
- CA said she might be able to assist with recruitment through some contacts in the Vincent community.
- ST stated that Aboriginal representation is really important offering crucial input for the group. She suggested that the EOI process be re-examined to ensure it was more accessible.
- JF stated that recruitment should also involve one-on-one approaches and personal connections.
- JF stated that the terms of reference for the AAG had recently been modified to prioritise the recruitment of an Aboriginal member.

##### 4.4 Phase 2 Arts Relief – Medium Scale Artworks update (LF)

- LF presented an update on Phase 2 of the Arts Relief project.
- Two sites (four in total) in the town centres of Leederville and Perth (William Street) have been identified as potentially suitable for the medium scale artworks.
- LF confirmed that that these two places have been identified because of the equitable allocation of percent for art funds across the local government area.
- ST questioned why the sites needed to be in town centres. GL responded that this was criteria established at the COVID relief committee meeting that approved funding for the project.
- JF confirmed that the sites chosen were on Vincent-owned land and were appropriate for any potential water or electricity connections.
- PH stated that artwork needed to be appropriate for the space. She cautioned against having any seating elements for a site that would not be used for such activities (i.e. it is not a destination site) and also artwork that would not be a potential hazard for high-traffic areas.
- ST stated that there was already a range of smaller artwork in Leederville and this should be taken into account for any additional placements of artwork in the town centre. ST suggested that a stocktake of current artworks might be useful for informing these sort of decisions.
- JF stated that updating the Vincent google artwork map was important to ensure there was ongoing knowledge about current artwork locations.
- SS stated that the relatively modest budget for the medium scale artworks needed to be taken into account when choosing artworks for the sites.
- PH referred to a recent project in Brisbane ('Messengers of Brisbane') that was very effective because the artwork of birds were found throughout a location. This meant that people were encourage to move around the area to locate the birds increasing the opportunity to explore the area.
- PH also pointed to the importance of choosing artwork that had more impact and would be more of a draw as a result. Such artwork was unlikely to be possible with a modest budget.
- CA stated that choosing impactful artwork that also had function was important. Using the bird analogy, she suggested that this type of artwork may also offer lighting as well.
- JF said understanding the local history of Vincent's precincts was really important for establishing meaningful and unique art.

- PH stated that Vincent, being an inner-city area' has a unique layered history of different land uses that can be drawn upon for unique artworks.
- ST said that connection with the community is important for art work.
- TG suggested that the criteria to be in the EOI for the medium scale artworks be reviewed in light of these considerations.
- ST suggested that the brief be open enough to allow innovative submissions for the identified sites with assessments being open to alternative ideas.
- SS suggested that there may be opportunity for one artist to use artwork that is connected through both town centres.
- CA said areas on William Street with high pedestrian traffic were good sites for artwork.
- LF suggested updating the EOI to reflect these views and provide them to the group for review before it goes out.

**4.5 Update on recent Percent for Art Applications**

- There was discussion in the group about the use of the assessment sheets that LF had put together for applications.
- LF stated that some of the criteria (drawn from the objectives in the Percent for Art Guidelines) could be addressed by administration – in particular the question about public safety of the artwork that could be responded to by the building/engineering team.
- ST stated that scoring might be beneficial if unsuccessful applicants wanted feedback on their submissions.
- ST stated that it was good to look at the budget breakdowns in the submissions as well to understand how much as going to the artist, to the consultant and to the fabrication of the art.
- LF stated that it might be useful to look at a minimum percent requirement in the budget for the artist fees.

**4.6 Percent for Art Policy Review + Approvals Process (ZT, LF)**

**4.7 Arts Development Plan Review discussion (ZT, LF)**

- TG suggested that, as the meeting had run over time and some people needed to go that agenda items 4.5 and 4.6 be put on hold and be the sole agenda items at the next AAG meeting. The group agreed.
- JF closed the meeting at 7.30pm.

**5. Close/Next Meeting**

- a) Next meeting 19 May 2021
- b) Arts Development Plan and Percent for Art Policy review will be priority for this meeting
- c) Perth International Jazz Festival presentation and City of Vincent Event Sponsorship items will be moved to the following AAG meeting on 30 June 2021

#### 4.2 Update on Implementation of the Youth Action Plan (YAP)

Discussed the recent "Youth Heroes" campaign for Youth Week. Five young people from across the City were nominated and highlighted for this social media campaign.

KA also advised that she nominated Maddie Godfrey, a Mount Lawley resident who has worked with and received funding from the City for poetry workshops, for the Youth Week WA Awards. Maddie was announced as the winner of the Propel Youth Arts WA Creative Contribution Award.

The group also congratulated LD on being a finalist in the Youth Worker category of these awards. Both of these achievements were promoted on the City's social media, highlighting the great work being done by, and for, young people in the City.

KA explained that these awards and nominations work towards increasing youth recognition under the 'Support and Opportunity' key focus area of the YAP.

Discussed the progress of the mental health workshops being held at Aranmore by Headspace with 3 sessions having been held so far. There has been representation of YMCA HQ at these sessions to increase their connections with the school also and encourage young people to engage with the services. This initiative works to support mental health and wellbeing ('Resilience and Wellbeing' key focus area). The City is also supporting the Youth At Risk Network (YARN) event being held at YMCA HQ and Oxford Reserve on Friday 23 April.

KA asked the group for feedback on expanding the Headspace partnership and asking sporting clubs if they want to participate in sessions. Al advised that Healthway have just launched a new campaign with Football West to 'Think Mental Health' and so this would be a great time to talk to sports clubs about holding this type of presentation. Also discussed some other presenters in this field who could be engaged including Josh Di Nucci, Paul Peacock and Bella Broadway.

**ACTION: 1) KA and AH to investigate Headspace sessions with local sporting clubs**

#### 4.3 Youth Engagement Summit

The City will hold its second Youth Engagement Summit on Tuesday 11 May at the North Perth Town Hall. KA advised that the summit will feature speaker David Castelanelli presenting on social media distractions, and workshops from IZRA (on resilience) and Happiness Co (on social contribution for happiness and wellbeing). The focus on wellbeing and health was chosen to align with the YAP.

Students from Churchlands Senior High School and Aranmore College are attending and Foyer Oxford residents will also be invited. Bob Hawke College and Mt Lawley Senior High School were also invited however did not respond to the invitations.

The group asked about engagement with students at the event on local issues and getting their feedback on youth programming. Advised that there would be a portion of time in the afternoon dedicated to getting feedback.

#### 4.4 Year 6 Interschool Debating Competition

KA advised that the City is planning to host this event again, and will request facilitation of the event by WA Debating League (WADL). A date has not yet been set but will be looked at for Term 3. KA asked the group for their feedback on potential topics for the debates. Ideas included:

- Sustainability initiatives
- Bike paths/ shared road usage
- Migrant rights
- Social inequality
- COVID vaccinations

Advised that these ideas would be put into consideration when topics are discussed with WADL.

#### 4.5 Leederville Skate Park Upgrade Consultation

KA provided information from the City's Strategic Planning Team on an upcoming public consultation on Wednesday 5<sup>th</sup> of Ma from 4pm – 6.30pm at Leederville Skate Park, for upgrading the park. The upgrade will be split into two phases, with Phase One focussing on the half pipe, basketball court and seating area, and Phase Two focussing on the main park and bowls. Phase One will begin in 2021/2022. The Strategic Planning team are hoping to get input from CYPAG members following the workshop.

The group raised the following questions for the Strategic Planning Team:

- Will the workshop be advertised/ promoted on site and at YMCA?
- If the work is being split into 2 stages, is enough money being allocated to maintain the bowl area, given its age, until the second stage of the redevelopment?
- Will the design have elements that cater to other disciplines e.g. parkour?
- Where will seating be for parents who need to be able to see younger kids in the bowl area?

The Chairperson requested that the Strategic Planning Team email them with further details regarding the full consultation, to understand what else would be undertaken aside from the workshop.

**ACTION: 1) KA/AH to raise CYPAG's queries re the Leederville Skate Park Upgrades with the Strategic Planners**

#### 4.6 Other Business

KA noted that the Pop-Up Play community consultation at Edinboro Street Reserve had been completed and that the most popular option was 'Obstacle Course'. Many of the respondents also requested that the large grass space is not used for the Pop-Up Play installation, as this is heavily used by the community as a kick-a-bout space.

**ACTION: 1) KA/AH to progress pop up play ideas for Edinboro Street Reserve with the Parks team to come up with some design options.**

#### 5. Close/Next Meeting

The meeting was closed at 7.38pm. The next meeting is scheduled for 16 June 2021.

Dear Mr MacLennan

### **ENDORSEMENT OF CITY OF VINCENT'S WASTE PLAN**

Thank you for submitting the City of Vincent's waste plan prepared under section 40(2) of the *Waste Avoidance and Resource Recovery Act 2007* on 5 February 2021.

I commend the City of Vincent's commitment to reducing waste, increasing resource recovery, and protecting the environment. I consider that the City of Vincent is implementing initiatives that are consistent with, and contribute to, the delivery of the targets and objectives of the State's *Waste Avoidance and Resource Recovery Strategy 2030* (the Waste Strategy), including:

- Providing all residents access to a three-bin FOGO collection system by July 2022.
- Improving waste collection and recovery in Multi-Unit Developments in preparation for the full FOGO roll-out.
- Developing business systems for waste services to ensure accurate records and data reporting.
- Developing waste and recycling education, awareness and promotional programs.
- Research into alternative waste treatment options.

As you may be aware, the Department of Water and Environmental Regulation is supporting the delivery of the Waste Strategy targets by:

- developing opportunities for FOGO processing and markets through the FOGO Reference Group;
- developing composting guidelines and better-practice guidelines for solid waste treatment and storage facilities;
- incorporating FOGO-related inputs into strategic reviews of Western Australia's waste infrastructure;
- clarifying and improving the regulatory framework for waste to energy facilities; and
- continuing to develop the WasteSorted communications toolkit to help local governments communicate their waste and recycling services to residents and support consistent and effective communications across local governments.
