3. **MAKES BY ABSOLUTE MAJORITY** the Parking Local Law 2023 at Attachment 1, in accordance with section 3.12(4) of the *Local Government Act 1995* subject to the Chief Executive Officer:
 - 3.1 publishing the *Parking Local Law 2023* in the Government Gazette in accordance with s3.12(5) of the *Local Government Act 1995* and providing a copy to the Minister for Local Government; and
 - 3.2 following Gazettal, providing local public notice in accordance with s3.12(6) of the *Local Government Act 1995*, and providing a copy of the law and Explanatory Memorandum signed by the Mayor and Chief Executive Officer to the Western Australian Parliamentary Joint Standing Committee on Delegated Legislation.

PURPOSE OF REPORT:

To consider adopting the *Parking Local Law 2023*.

BACKGROUND:

At its 13 December 2022 Meeting, Council resolved to provide public notice of the proposed *City of Vincent Parking Law 2023* (Item 10.2). In accordance with Section 3.12(3)(b) of the *Local Government Act 1995*, a copy of the proposed *City of Vincent Parking Local Law 2023* was provided to the Department of Local Government, Sports and Culture (DLGSC) for review and comment.

The submission period for the public notice was between 28 January 2023 and 25 March 2023.

Minor changes have been made to the draft *Parking Local Law 2023* following consideration of public submissions and advice from the DLGSC.

DETAILS:

Local public notice of the proposed *Parking Local Law 2023* was given in accordance with section 3.12(3)(a) of the *Local Government Act 1995*. Public notice and consultation on the proposed Parking Local Law included the following:

- a notice published in the West Australian on 28 January 2023;
- a notice published in the Perth Voice newspaper on 28 January 2023;
- a consultation page displayed on the City's website (Imagine Vincent);
- inclusion of a News item on the City's website;
- promotion on the City of Vincent's Facebook page; and
- inclusion on notice boards at the City of Vincent's Administration building and Library.

A copy of the proposed *Parking Local Law 2023* recommended for adoption is at **Attachment 1**. This attachment includes modifications to the Parking Local Law as it was advertised. A copy of the advertised *Parking Local Law 2023* with the proposed minor changes is at **Attachment 2**. This includes modifications that were made following review of consultation submissions, comments obtained from the DLGSC and suggestions from external legal advice. After including these amendments, the Parking Local Law is not significantly different to what was advertised, therefore it does not trigger the requirement to recommence the making of the local law under section 3.13 of the *Local Government Act 1995*.

In accordance with section 3.12(3)(b) of the *Local Government Act 1995*, Administration provided the Minister for Local Government with a copy of the advertised Parking Local Law. The DLGSC provided minor editing suggestions for the Parking Local Law, and these can be found at **Attachment 3**. Administration have incorporated the Department's feedback into the proposed local law.

Taxi Terminology

The City does not intend for ride-share to be covered by the clauses relating to taxis in this local law.

Event Parking

Clause 2.16 is subject to an event and relates to the establishment of additional parking facilities (not amendments to existing parking facilities) for the purpose of an event. Minor change has been made considering the departments comments, which clarifies that the establishment of additional parking facilities is only in the case of an event.

Minor Edits

Minor edits to the table of contents page, Schedule 1 and minor formatting changes have been made.

Definition of 'valve stem reading' has been included in the definitions.

Clause 2.2(2) minor edit to allow the text to be in one sentence.

During the public consultation period, the City received 23 submissions, with 10 in support of the local law, 7 who did not support the local law and 6 who neither supported or did not support the local law. A copy of the submissions received can be found at **Attachment 4**.

If adopted, the Parking Local Law would be gazetted and provided to the Western Australian Parliamentary Joint Standing Committee on Delegated Legislation (JSCDL). While the local law has been prepared with legal consultation and advice from the DLGSC, the JSCDL may still exercise its discretion to disallow part or all of the Parking Local Law 2023.

CONSULTATION/ADVERTISING:

Following Gazettal, the City would provide local public notice that the *Parking Local Law 2023* has been published in the Government Gazette, in accordance with s3.12(6) of the *Local Government Act 1995*. The notice would include the following details:

PARKING LOCAL LAW 2023 – DLGSC comments

1. Taxi terminology

The Department is aware that amendments were recently made to several pieces of taxi legislation in relation to Uber and other ride-share services. This may have impacted certain terms or definitions which are relied upon in parking local laws.

The City should check all taxi-related definitions and ensure that the meanings of these definitions still suit the City's objectives.

2. Event-based parking

The draft local law contains clauses that allow for parking rules to be changed when "events" occur.

The Committee has previously disliked these kinds of clauses, since they can potentially provide a way for the local law to be changed at will.

It might be better if the clause were removed and the local law simply relied upon the general determination powers in clause 2.2. Alternatively, the local law rely upon a set list of events in a Schedule (though this option might be too inflexible).

3. Minor edits

The following minor edits are suggested:

- **Contents page**
 - The page numbers in the contents page should be omitted in the gazettal version as it may clash with the Gazette's existing page system. The page numbers can be retained in any administrative versions kept by the City.
 - The page entry for clause 1.3 currently reads as an error.
 - The Contents entries for clauses 1.1 to 1.6 do not currently match the order or titles of the clauses in that Part. The information will need to be updated.
 - In the entry for Schedule 1, it is suggested that "**- MODIFIED PENALTIES**" be added to the title so that people browsing the contents can see what the schedule contains.
- **Clause 1.1:** Change the citation to italics.
- **Clause 1.6:** On at least one occasion, the Delegated Legislation Committee has requested a definition for "**Valve Stem Reading**". It is suggested a similar definition be added to the City's local law.
- **Clause 1.4:** Change the citation title and "Government Gazette" to italics.
- **Clause 2.2(2):** Replace "; and" with a full stop and incorporate the text into the previous line to form one sentence.
- The City should also ensure that all references and cross-references are checked, particularly if any additional changes are made to the draft prior to its submission to council.

PARKING LOCAL LAW 2023 – Public submissions

No.	Comment	Administration comment
1.	The proposed Parking Law has been put out to consultation without any explanation of what it does, what it is trying to achieve, or how it differs from the current position. It is difficult to see how this will generate any meaningful consultation. Also, comments are limited to 255 characters!	The Parking local law 2023 is a new parking local law. The purpose of the proposed local law is to provide for the regulation, control and management of parking and vehicles within the local government. The effect of this local law is to ensure that any person parking a vehicle within the City is to comply with these provisions. Comments are open ended, no character limit.
2.	The updated and proposed Parking Local Law appears to me to be comprehensive and sensible. I welcome that cycle lane violations are specified. I'm surprised at the range of fine amounts - this could be simplified surely.	Noted. Penalties listed are required to be specific to each related clause.
3.	Not sure why you are changing them as you don't enforce them in our area anyway	Noted.
4.	No additional comment.	Noted.
5.	There needs to be a clause about abandoned vehicles. Every other council I have lived in have taken action to removed vehicles that have been parked long term in one location. Abandoned vehicles that have been parked for continuous periods degrade the neighbourhood and restrict access for others.	The impounding of vehicles and other goods is dealt with in Part 3 Division 3 Subdivision 4 of the Local Government Act 1995 and regulation 29 of the Local Government (Functions and General) Regulations 1996. The power of an authorised person to remove and impound any goods that are involved in a contravention that can lead to impounding is dealt with in section 3.39(1) of the Local Government Act 1995.
6.	Street parking is a nightmare. People with garages on nearby street parking on the street taking away parking from houses with no garages. We should consider permits for residents like other suburbs. If you have off street parking them you only have a visitor park and you can't park your car on street parking	This is dealt with under the City's Parking Permits Policy.
7.	Only if enforced, we have yellow lines outside of our home and people are constantly parking on the road outside our house as they don't know what a yellow line means.	Noted.
8.	More governance that costs residents	Noted.
9.	Yes, access to parking in Council control parking areas should be the same. There should not be any discrimination	Noted. Not related to local law, however, first hour free re-introduced to all carparks, except Leederville. A system is being developed to

	<p>as is current the case in North Perth and Mount Lawley when compared to Mount Hawthorn.</p> <p>Every city centre should have one hour free parking not three hours as is the norm in the Mount Hawthorn city centre</p>	<p>enable rate payers first hour free in Leederville carparks.</p>
10.	<p>I don't have time to read this 36 page document. However, if it deals with private parking spots that are registered with and enforced by the city, then some changes are needed. Since the removal of clamping, there has been a real hole in our ability to enforce rules in the visitor parking of our apartment complex. We pay the council to handle this, but they will not allow us to fine tenants who abuse the rules and park there without authorisation. Strata has limited powers (they can issue a breach if it is against bylaws, but must pursue the matter in SAT which is costly). The city should simply allow fines to be issued to whomever it is who parks without authorisation and against sign-posted rules. Hey, it means more revenue for you.</p>	<p>This is covered by clause 2.5.</p> <p>The City is able to issue infringements if a contravention of clause 2.5(2) or clause 2.5(3) is reported to the City by an owner or occupier.</p>
11.	<p>I am loyal and love local shopping, eating, Dr's and services and I cannot pop to any of these business in under 1/2 hour. Please give locals 1hour free.</p>	<p>Noted. Not related to local law, however, first hour free re-introduced to all carparks, except Leederville. A system is being developed to enable rate payers first hour free in Leederville carparks.</p>
12.	<p>I would like a residential parking permit made available (as requested) for apartment complexes as visitors are unable to park in the dedicated bays where squatters seem to reside. Understand limits will need to apply for event parking, but the pass should be used for normal days</p>	<p>This is dealt with under the City's Parking Permits Policy.</p>
13.	<p>Is ridiculously bureaucratic and restrictive. Prohibits the scenario where I can, say, drive to leederville for breakfast, park and pay for a ticket to park, then on the same day, go to leederville for dinner and park and get a ticket to park (section 3.10 (3) I think). You're trying to curtail my social outings by saying I'm not allowed to park in the same parking facility twice in the same day.</p>	<p>Clause 3.10(3)(a) and (b) are read together. It was drafted with the intention that a person is not entitled to obtain free parking in a parking facility more than once in the same day. An amendment to clause 3.10(3) to clarify this and make this clearer has been made.</p>

<p>14.</p>	<p>Actually enforce parking infringements EQUALLY.</p> <p>I am constantly seeing cars parked in right of ways with NO PARKING signs clearly displayed, and even after reporting on multiple occasions they do NOT get fined and the same cars park repeatedly. It is inconsistent and unfair. If that is the attitude of the City of Vincent then simply don't fine ANYONE. Don't just favour a few.</p> <p>Additionally as per the parking laws "A person must not stop a motorcycle in a parking bay or metered space unless (a) the bay or space is marked "M/C"; or (b) a sign applying to the bay or space is inscribed "M/C"."</p> <p>Again this is not enforced. There are consistently Motorcycles parked in car bays, especially on and around Angove St.</p> <p>So I repeat, it is pointless have a Parking Local Law if the City of Vincent just decides when and if it will enforce it. Might as well just create a document that says, "Parking will be regulated arbitrarily. If you park in a bay marked as no parking or marked for a different class of vehicle, you may or may not get an infringement. There is no point contacting the Ranger either, as we will leave it to our own discretion to act."</p> <p>There just a 2 line document. Problem solved.</p> <p>Frankly City of Vincent is a joke. And is clearly centred around favouritism.</p>	<p>Noted. Comment relates to enforcement which will be actioned by the City's Rangers.</p>
<p>15.</p>	<p>I think parking in driveways shouldn't be a problem. It takes one less car off the road. Same as with on verges. Some verges are modified as a car park.</p> <p>I think there should be a blanketed 2 hour time limit on all parking in Vincent, unless signed posted otherwise. On Stirling Street in Highgate there are "rat</p>	<p>Stopping on or across a driveway is not permissible under the Road Traffic Code (Part 12 Division 6 regulation 166(2)). This is largely to do with ensuring that no obstruction of any footpath occurs. The same applies when parking on verges, ensuring that there are no obstructions to the footpath, to ensure safe pedestrian travel and access.</p>

	<p>aces" who park there for the free parking and then head into work in the city.</p>	<p>Parking restrictions are implemented when/if required and largely based on occupancy surveys.</p>
16.	<p>On behalf of Paddington Place regarding Visitor Parking, the wording currently prohibits owners and residents being booked. The wording needs to be amended in the parking law to reflect Strata Complexes so that if owners and tenants are parking incorrectly they can be fined.</p>	<p>This relates to clause 2.5 of the local law.</p> <p>Authorised parking in a strata complex, and the City's involvement in enforcing this, is adequately captured by clauses 2.5(2) and 2.5(3) of the local law as currently drafted.</p> <p>Clause 2.5(3) of the local law makes it an offence for "a person" to park contrary to the consent of an owner or occupier of land as specified in a sign.</p> <p>Visitor parking in a strata complex would form part of the common property, owned by all lot owners jointly and managed by the strata company on behalf of all lot owners. Arguably, an owner of an individual lot of the strata title scheme would be a "person" for the purpose of section 2.5(3) and could commit an offence for failing to comply with signs erected by the strata company on the common property of the strata complex.</p> <p>However, we note that the City can only enforce the local law if the sign adequately identifies who is entitled to park in the particular areas and there is evidence that the person who does park is not a permitted person. The adequacy of the signage is a matter for the strata company.</p>
17.	<p>Currently we are not allowed to have vehicles infringed that belong to owners or tenants that park for days on end in the visitor parking at our complex. We pat the City of Vincent to manage this but they have no power because the current wording classifies them as authorised people when they are not. Please can the wording be amended so it refers to authorised people instead.</p>	<p>This relates to clause 2.5 of the local law.</p> <p>Authorised parking in a strata complex, and the City's involvement in enforcing this, is adequately captured by clauses 2.5(2) and 2.5(3) of the local law as currently drafted.</p> <p>Clause 2.5(3) of the local law makes it an offence for "a person" to park contrary to the consent of an owner or occupier of land as specified in a sign.</p> <p>Visitor parking in a strata complex would form part of the common property, owned by all lot owners jointly and managed by the strata company on behalf of all lot owners. Arguably, an owner of an individual lot of the strata title scheme would be a "person" for the purpose of section 2.5(3) and could commit an offence for</p>

		<p>failing to comply with signs erected by the strata company on the common property of the strata complex.</p> <p>However, we note that the City can only enforce the local law if the sign adequately identifies who is entitled to park in the particular areas and there is evidence that the person who does park is not a permitted person. The adequacy of the signage is a matter for the strata company.</p>
18.	<p>I have 2 main concerns.</p> <p>1 is fining “stopping and parking” rather than just “parking”. The definition of “stop = has the meaning given in the code” doesn’t make sense, what “code” am I meant to refer to? Is stopping to let passengers out in a disable park for 30secs a finagle offences? Should these passengers be made to disembark in the middle of the road to avoid a fine? Clearer clarification on the definition of “stop/stopping” is required.</p> <p>2 fees going up. A perception of revenue raising in this cost of living crisis is not great for the city of vincent. Especially as during covid the rates went up, while other councils froze the rates.</p>	<p>Code is the Road Traffic Code 2000. This definition is included in the local law. Stopping to allow dropping off or picking up, is permissible.</p> <p>The penalties proposed are consistent with other local governments. The last penalty increase was in 2018.</p>

21.	<p>Parents / carers should be able to park on the southern side of Richardson St out the front of Margaret Kindy for free between 8:30-9:10am and 2:30-3pm Mon - Fri.</p> <p>The vast majority of families at Margaret Kindy are rate payers so they should not have to pay to park in the safest bays that are closest to the kindy entrance.</p> <p>The allocated free bays in the Loftus carpark next to the kindy do not meet the required demand.</p> <p>Parents / carers should not have to park on the northern side of Richardson St or throughout the busy Loftus St carpark</p>	<p>Noted. Ample parking is available at the Loftus Centre carpark, and is free. Parking permits issued to the establishment are done so under the lease agreement.</p> <p>The penalties proposed are consistent with other local governments. The last penalty increase was in 2018.</p>

<p>to obtain free parking when there are plenty of bays available on the southern side of Richardson St outside the kindy.</p> <p>The COV needs to realise the pressure and time constraints put upon families using the kindy, particularly when they have to try and get Pre Primary or Year 1 students into the Mount Hawthorn Primary School grounds beforehand.</p> <p>And also consider those families with much younger children that have to be pramed through the Loftus St carpark, or across busy Richardson St just so they can park freely while dropping of their kindy kid.</p> <p>Kindy parents / carers should not have to pay to park on the southern side of Richardson and they should not be fined for doing so. The bays on the southern side of Richardson St are the safest parking bays for families so why the COV insists on fining people during kindy drop off and pickup times astounds me & many other parents.</p> <p>This change could be adopted for free by keeping the current signage and just having the COV Rangers agree not to hand out fines in front of the kindy in the times stipulated. Yet year after year the COV keep fining our young families.</p> <p>Also, the amount of free permits given to the kindy teachers is not suffice. There are not enough given to cover the teachers, the EA's and to account for relief teachers. One teacher stipulated she had to move her car every 3 hours and another said she was fined even though she had a permit.</p> <p>Although my family is no longer using the kindy, it appalls me that the COV still expects families to pay for the safest car bays directly in front of the kindy.</p>	
---	--

	<p>Finally in regards to fines, \$90 and up is exorbitant considering the hardships facing many families. I understand that the COV needs revenue, but please consider what some families would have to sacrifice if they were to be accidently fined. Surely \$40 would be enough of a penalty and warning to most motorists. It's a shame that the city has made parking harder for its residents in the hope that they will slip up, be fined and raise revenue.</p>	
22.	<p>Seems to be focused on gathering more revenue from people rather than encouraging and facilitating people visiting the area and enabling residents to move around the city. This is reinforced by the fact that parking rangers have revenue targets and that a defined level of revenue from parking fines is detailed in the budget. A focus on providing service would be more appreciated rather than grabbing revenue at every possible opportunity!</p>	<p>The penalties proposed are consistent with other local governments. The last penalty increase was in 2018. Rangers do not have infringement quotas to meet. Enforcement is based on ensuring a parking environment is responsive to community needs.</p>
