SS noted the lack of town team attendees and queried whether it would be best to postpone the meeting. GL confirmed that it was important to update the town teams and obtain feedback on the Smoke Free Town Centres and Vincent Wayfinding Strategy items.

It was agreed to reschedule the meeting and to move the May agenda items to June in the Forward Agenda.

SS requested that all Place Planners contact their respective town teams to check in on why they did not attend the meeting today. It was agreed the Place Planners would contact their respective town teams and that the City would request RSVPs one week prior to future meetings.
