

POLICY NO: 3.5.9**STORMWATER DISPOSAL FROM PREMISES****OBJECTIVE**

To establish controls to provide for the appropriate discharge of stormwater from premises within the Town of Vincent.

POLICY STATEMENT

All premises to be provided with gutters, downpipes and associated drainage (where necessary) for stormwater disposal purposes and the system to be designed so that:

- 1) the disposal system will not cause damage, erosion, corrosion or any other defects to the premises or any other property resulting from surface discharge or disposal; and
- 2) the water discharge onto the surface of the lot is not permitted to flow to adjacent private or public property and is to be adequately contained within the lot.
