3 x in favour of the restriction should be from 8am - 8pm	Proposed times are in accordance with existing restrictions in surrounding streets
Prefer 1. 2P 8am-8pm Mon - Sun (permit parking at other times, 2. 2P 8am-8pm Mon – Sun, or 3. 2P 8am-8pm Mon-Fri	Extending to 8pm supported. Will need to be implemented in St Albans, Cavendish and Harley Street
2 x in favour of 7 days a week 8am-8pm 2P.	-
3 x in favour of 3P would deter city parkers but will allow local business owners, staff and shoppers to park	Standard practice has been as follows: <ul style="list-style-type: none"> • At the district centre – 1P, numerous ¼ P and loading zones. • Moving further from the centre – 2P • Angle parking and carparks – 3P (carparks first hour free).
2 x Agree subject to permits being issued to residents.	Permits will be available as per Council Policy
Prefer resident only parking	Not supported

Won't affect those parking to use the Beaufort strip for lunches, dinners, shopping	Comments noted

Restrictions should be 3P, also proposal does not help with weekend days and nights, a longer time span is required.	Standard practice has been as follows: <ul style="list-style-type: none"> • At the district centre – 1P, numerous ¼ P and loading zones. • Moving further from the centre – 2P • Angle parking and carparks – 3P (carparks first hour free).

Do visitor permits have to comply to the 2hr restriction	Should a valid 'Visitors Parking Permit' be issued they would be exempt from restrictions
2 x Would prefer the restrictions to be between 8am-8pm	-
It's a win-win for residents and our local community	-
Please advise residents that the City of Vincent will not impose 2P restrictions to valid residential permit holders	Should a valid 'Residential Parking Permit' be issued then exemptions to restrictions would apply
Will assist with my care	Noted
3P restrictions the same as St Albans would also work	Standard practice has been as follows: <ul style="list-style-type: none"> • At the district centre – 1P, numerous ¼ P and loading zones. • Moving further from the centre – 2P • Angle parking and carparks – 3P (carparks first hour free).

My carers are required to stay longer than 2 hours	Should resident be entitled to a visitor parking permit then visitors would be exempt from restrictions

Neither for nor against (2)	Officer comments where relevant
2 x We think the restrictions should be 3 hours in length not 2	Standard practice has been as follows: <ul style="list-style-type: none"> • At the district centre – 1P, numerous ¼ P and loading zones. • Moving further from the centre – 2P • Angle parking and carparks – 3P (carparks first hour free).

In favour of the restriction should be from 8am - 8pm	Times are similar to those already in place in surrounding streets
We have seen city commuters parking and walking	Comments noted
I am elderly so this will assist me greatly	Comments noted
Can restrictions be extended to William Street between Vincent and Bulwer Streets?	This would be assessed on its own merits should the need arise
Agree and request addition permit to allowance	Permits would be available if assessed as being eligible

Against (2)	Officer comments where relevant
We are not permitted permits and restrictions would mean we are unable to park our 2 nd vehicle.	Resident has compliant parking on property for two vehicles
I have not seen evidence of parking congestion due to city commuters, the only problems can occur during events in Beaufort Street.	Area already subject to Residents only parking restrictions during events at Nib Stadium. Parking restrictions would alleviate the problems during events on surrounding streets

Neither for nor against (1)	Officer comments where relevant
Agree with restrictions, however Lincoln St should also be considered for parking – an overall parking plan for the area bordering Vincent, William, Bulwer and Beaufort Streets with everyone on the same restrictions (or close to), not something that is done adhoc, street by street	Comments noted. Lincoln Street will be investigated should the restrictions be implemented in this and other adjoining streets.

SUMMARY OF COMMENTS

Proposal: Lincoln Street, Highgate – Proposed Introduction of a 2P Time Restriction 8.00am to 6.30pm, Monday to Sunday

In favour (11)	Officer comments where relevant
7 in favour with no further comment	Noted
Please linemark, are 15min bays monitored and are they still required.	Will be investigated
Effective if regularly patrolled otherwise drivers ignore it	Noted
Improvement however would prefer Resident Only as evenings becoming a problem. Many people parking to use the bakeries (15min bays would assist)	Residents with permits can park contrary to the restrictions. Recommended extension to 8.00pm
Improvement however would prefer Resident Only as weekends becoming a problem. Many people parking to use the bakeries (15min bays would assist)	Residents with permits can park contrary to the restrictions. Recommended extension to 8.00pm

Against (3)	Officer comments where relevant
2 x against the proposal with no further comment	Noted
Would restrict friends/workman visiting	Residents with visitor permits can park contrary to the restrictions.
Unable to obtain enough permits to cover our family	Noted

Neither for nor against (1)	Officer comments where relevant
I neither support nor object to the proposal, however if it goes ahead I would like to be reassured that all residents of Lincoln street are provided with the appropriate parking permits BEFORE new signs are put up, as I have had several issues obtaining the correct parking permits in a timely fashion in the past, which has caused me a great deal of stress and inconvenience. At present I still have only one residential permit and one visitors permit despite having no off street parking.	To be assessed in accordance with Council permit Policy
