## O'KEEFE, Joshua

As we enter our next era, you have the opportunity to support new growth in Vincent.

This election, reinvigorate Council with fresh representatives who know how to balance big ideas with community needs, like me.

Let's get Vincent, a place I have lived, loved, and advocated for decades, back to being a leader in innovation, reform and excitement.

Together, we can:

Get more for less with the budget and reduce Council spending on unnecessary glamour projects

Support local business by facilitating events to generate economic growth like bringing back the Beaufort Street Festival

Prioritise street cleaning and maintenance so we can attract investment to compete with nearby centres

Support sustainable development and accelerate ideas which will reduce our carbon footprint.

So let's do this!
