AIMS OF THE CITY OF VINCENT FILM PROJECT

The City of Vincent, in partnership with Revelation Perth International Film Festival, runs the annual City of Vincent Film Project to create a series of short documentaries made in and about the City of Vincent.

The aims of the Film Project are to:

- Produce three short documentaries which will premiere at the 2023 Revelation Perth International Film Festival;
- Provide the City of Vincent with an ongoing record of the City, its residents and their stories;
- Provide early career filmmakers with the opportunity to make a short documentary film that demonstrates their filmmaking talents and provides a useful step into the screen industry.

Projects will be selected that are achievable within the budget, proposed timeline and schedule. A documentary master class and mentoring will be provided for all selected projects.

PROJECT PARAMETERS

Projects must be in the documentary genre but can be comedic, dramatic or animated. Films should be between 5 and 10 minutes in length including credits and suitable for screening at all age events.

Up to three projects will be selected for funding. Support consists of a cash component of \$7,000 plus a documentary master class, mentoring during the development, production and post-production phases.

All projects must be shot in the City of Vincent.

FILM SUBJECTS

The City of Vincent is looking for stories in and about Vincent! The City has a wealth of subject matter – local characters, urban legends, extraordinary community groups doing amazing things, local history, businesses that serve the community in special ways plus facilities and parks that hold special meanings to our community. If you would like to run your idea past the City of Vincent, please get in touch.
