PURPOSE OF REPORT:

To consider adoption of the City's Budget for the 2023/2024 financial year, including imposition of differential and minimum rates, adoption of fees and charges, and other consequential matters arising from the budget papers.

BACKGROUND:

Between 1 June and 31 August each year, local governments are required to prepare and adopt a budget for the financial year. As in past years, in preparing the budget, Administration has compiled and analysed relevant information, held a series of budget workshops with Council Members, aligned to the priorities in the City's Strategic Community Plan 2022 – 2032 (SCP), Long Term Financial Plan and review of the Corporate Business Plan (CBP).

A key part of the budget development is identifying the 'budget deficiency' to be made up from the levying of council rates. Once an estimate of that budget deficiency was known, the City gave local public notice of its intention to levy differential rates.

The 2023/2024 draft budget continues Vincent's progress toward long term financial sustainability, and a maturing approach to financial and asset management. It responds to the impact of inflationary pressures with rising construction costs, supply chain issues and higher costs across several other categories.

The City is proposing a 4.5% rate increase in 2023/24, well below current inflation levels and in line with the City's current adopted Long Term Financial Plan 2022/23 – 2031/32.

In preparing the Differential Rates and Minimum Rates for 2023/2024, the City has applied an increase to the minimum payments for each category of 4.5% from previous financial year and a 4.5% increase to the total rates yield excluding rates growth. The base rate derives from dividing the total amount of money raised in general rates by the total value of all rateable properties per category.

The anticipated growth in rateable properties during the year has been budgeted at \$400,000 (interim rates).

An allowance for the waiver of rates to support community and sporting groups has been budgeted at \$150,000. This year is a re-valuation year and to date Vincent has not received updated Gross Rental Valuations (GRV) for properties that rates may be waived. The total for rates waivers is \$120,672, however an allowance has been included for the difference in GRV and any additional community leases negotiated during the year.

As Vincent is one of Perth's lower rating Councils, the proposed rates increase equate to \$1.30 per week, or \$67 per year for the median residential household.

At the Ordinary Council Meeting held on 16 May 2023, Council considered a report (Item 11.5) dealing with a proposal to introduce Differential and Minimum Rates in order to fund the estimated budgeted.

As a result, the following resolution was adopted:

'That Council:

1. ADVERTISES by local public notice, in accordance with Section 6.36(1) of the Local Government Act 1995 for a period of 21 days its intention to levy the following differential rates and minimum rates in 2023/2024 and invites submissions on the proposal from electors and ratepayers:

	2023/2024		
Rating Category	Rate in the Dollar	Minimum Rate	
Residential	0.0752480	\$1,395.41	
Vacant-Residential	0.0782155	\$1,233.10	
Vacant-Commercial	0.1366890	\$1,705.07	
Other	0.0708997	\$1,346.72	

DETAILS:

The 2022/24 Draft Budget as presented includes the following components:

- Statement of Comprehensive Income by Nature or Type this statement details the operating income
 and expenditure categorised by the nature of the income or expenditure, together with capital grants
 and profit/loss on asset disposal. Details of the 2022/23 Adopted Budget, together with projected
 (forecast) Actuals are included for comparative purposes.
- Rate Setting Statement (RSS) by Nature and Type identifies the amount of rates that need to be
 levied to allow the City to undertake all annual activities, once all income is recognised, non-cash items
 are adjusted back, Reserve transfers are incorporated and opening and closing balances are factored
 in.
- 4 Year Capital Works Plan 2023/24 2026/27 (Attachment 3).
- Summary of Income and Expenditure by Service Area (Attachment 5).
- Fees and Charges Schedule (Attachment 6).

FINANCIAL HARDSHIP SUPPORT

The City's financial hardship measures will still be applicable in the 2023/2024 financial year.

These measures include:

- Rates Smoothing all City of Vincent ratepayers can choose to pay their rates in weekly, fortnightly or monthly instalments, via direct debit;
- **Flexible Payment Arrangements** payment arrangements are facilitated in accordance with section 6.49 of the *Local Government Act* and may include extending payment deadlines, and repayments plans customised to the circumstances of the ratepayer;
- **Deferment of payments for up to 6 months** ratepayers may request to defer the payment of rates for 6 months;
- Waiver of penalty interest and charges on payment arrangements ratepayers entering into a
 payment arrangement will have interest and fees waived; and
- Suspension of debt recovery debt recovery will cease once a payment arrangement is in place.

Financial Hardship Guidelines

The City of Vincent Financial Hardship Guidelines were developed in 2020/2021 to assist property owners when paying their rates levy. This support is still available to all residents experiencing financial hardship.

Financial hardship measures include:

- flexible payment plans;
- payment deferment options; and
- a waiver of penalty interest.

A financial hardship payment of up to \$500 may also be available to eligible property owners who are experiencing financial hardship. A financial hardship fund has been created to enable this, totalling \$50,000.

OPENING BALANCE – 1 JULY 2023

The 2023/24 budget is currently estimating an end of year closing surplus for 30 June 2023 of \$4,098,614, which is mainly attributable to:

- \$2.2m Estimated municipal funding for carry forward capital projects
- \$1.4m Various estimated capital/operational savings and other minor revenue variances
- \$0.5m Estimated higher interest revenue and fees and charges

Page 6

REVENUE

Revenue is anticipated to be increased by \$3.0m compared to the current revised budget. The assumptions resulting in revenue increasing include:

Rates: Rates and annual charges comprise 61.8% of the revenue mix for the City

of Vincent.

Grants/Subsidies/Contributions: Vincent actively advocates for grant funding and third-party contributions to

deliver important infrastructure and service outcomes for the community. In the DRAFT budget for 2023/2024 the City expects to receive \$5.2m in

external funding, of which \$1.5m supports operational activities.

Fees and Charges ('User Charges') increase from \$21.7m (33%) in the

current revised budget to \$22.1m (32.4%) of total revenue. This comprises

charges for the delivery of services and the use of community

infrastructure, such as Beatty Park Leisure Centre membership fees and

paid parking.

Interest Earnings Council receives interest on funds managed as part of its investment

portfolio. Investment decisions are managed in accordance with policy and are reasonably risk averse. In the proposed budget for 2023/24 interest

earnings are estimated to earn approximately \$1.1m.

FEES AND CHARGES

The fees and charges for 2023/2024 (**Attachment 6**) includes various amendments to fees and charges with the intention to primarily recover costs. All new fees and charges have been highlighted in the attachment.

Some of the increases in new fees and charges have arisen due to:

- Beatty Park Gymnasium membership and admission fees, swim school and merchandise fees have increased to reflect a cost recovery model;
- Car parking fee changes with further details below;
- Food premises licence and registration fees have increased to recover administration costs;
- Other inflationary cost pressures.

PROPOSED CHANGES TO CAR PARKING

The City is currently considering recommendations of the draft Precinct Parking Management Plan. The recommendation for each Parking Precinct will guide the review of the fees and charges related to parking. This process will be a key driver in determining the City's operational income and assists with reducing the burden on ratepayers.

A specific precinct parking plan has been drafted for the Mount Lawley town centre and provided to Council. Part of those recommendations and the approach have been incorporated into the parking fees and charges (Attachment 6).

The proposed fees and charges groups car parks into one of the following three categories:

- Secondary Centre Car Park Frame Court & The Avenue
- District Centre Car Park Barlee Street, Chelmsford, Raglan Road, View Street, Rosemount Hotel & Wasley Street
- Activity Corridor Car Park Brisbane Street

The key proposed changes in the parking rates for this financial year are:

- Apply dynamic parking rates of 30% +/- for peak and off-peak periods
- Re-introduce 1st hour free for District Centre Car Parks: Mount Lawley & North Perth
- Reduce base rate for District Centre Car Parks from \$3.20 to \$2.50
- Introduce 1st hour free parking for ratepayers only for Secondary Centre Car Parks: Frame Court and The Avenue in Leederville via EasyPark App.
- Increase kerbside parking and Secondary Centre carparks by 10c.

Item 7.5

OPERATING EXPENDITURE

The City continues to experience significant inflationary cost pressures with rising construction costs, supply chain issues and higher costs across several other categories. Annual Perth CPI for the March 2023 quarter is at 5.8 percent and in many instances actual cost increases have been much higher than current inflation levels.

Operating expenditure has increased by \$2.9m compared to the current revised budget with the assumptions resulting in the increase of operating expenditure below:

- Employee costs are expected to rise by \$2.1m due to 3.5% in enterprise bargaining payments and superannuation payments increasing from 10.5% to 11.0%.
- Materials and contracts expenditure is forecasted to increase by \$0.8m mainly due to higher inflationary
 cost pressures across various categories including materials, waste, ICT and contractors and additional
 costs associated with various programs and events and the upcoming Local Government elections.
- Insurance expenses are anticipated to increase by \$0.2m mostly due to higher premiums.

NON-OPERATING BUDGET

As detailed in the Rate Setting Statement, the following Non-Operating transactions are proposed for 2023/24:

- Capital Grants directly associated with the Capital Works Program (including carry forward funding) totalling **\$3,594,347**:
 - \$1.5m federal government grant allocated to Litis Stadium upgrade, and
 - o \$1.4m has been allocated in grant funding for various road programs.
- Profit on asset disposals of **\$704,109**. This takes into account the current 'book value' of assets being sold against the total proceeds from the sale.
- Loss on asset disposals of **\$47,335**. As with the above 'profit', this item reflects those assets where the proceeds are lower than the current book value and is a non-cash transaction.
- Proceeds from Disposal of Assets of **\$1,713,000**, which relates to the actual sale/trade-in of plant listed for replacement in the 2023/2024 Capital Works Program and the proceeds from the sale of land.

FINANCING ACTIVITIES

The Rate Setting Statement lists the following annual financing activities scheduled for 2023/24:

- Repayment of long-term borrowings loan principal repayments of \$1,585,417 has increased due to a full year RRF loan repayments.
- Transfers to Reserves of **\$6,535,355** includes the following key movements:
 - Transfer of \$3.3m to Asset Sustainability reserve,
 - Anticipated proceeds of \$1.7m transferred to the Tamala Park Reserve, due to increased land sales
 - Sydney St North Perth land sale \$0.8m transferred to POS Reserve General, originally budget for 2022/23.
- Transfer from Reserves of **\$5,934,019**, includes the following key movements:
 - Asset sustainability reserve to fund \$4.4m for the heavy fleet equipment \$1.2m, Beatty Park Pool Tiling Works \$0.8m, changeroom fit-out \$0.7m, facilities renewal, heritage grandstand electrical works and plantroom remedial works \$0.6m, Light fleet equipment \$0.3m, Leederville Oval Stadium Facility Renewal \$0.2m, DLGSC Solar PV \$0.1m and Drainage improvements \$0.1m.
 - Cash in lieu for parking reserve will fund \$0.8m for Accessible City Strategy Implementation \$0.5m,
 Wayfinding Implementation Plan Stage 1 \$0.2m and Bike Network and Mount Lawley/Highgate
 place management \$0.1m.
 - Percent for Art Reserve will fund \$0.2m for Artwork maintenance, Artlets sculpture, and Arts Rebound – Town Centre Artworks.
 - POS Reserve General and POS Reserve Haynes Street will fund \$0.2m of Haynes Street Development plan implementation Stages 1 & 2.

CAPITAL BUDGET

In 2023/24 the City of Vincent plans capital expenditure of \$19,131,500 (**Attachment 2**) including carry forwards of \$4,599,392 to continue to address asset management priorities that were postponed in previous years. Included within the carry forwards are estimated commitments of \$2,500,563. Carry forwards have also reduced from the prior year Annual Budget 2022/23 amount of \$5,378,365.

The capital expenditure budget will be largely funded by grants, third party contributions and reserves with the residual \$8,908,910 (carry forwards \$2,232,775) from municipal funds.

Vincent continues its focus of renewal expenditure in the 2023/24 draft budget, with 78% of new expenditure including carry forwards attributable to asset renewal.

The total capital value of \$19,131,500 including carry forwards of \$4,599,392 representing several multi-year projects. The breakdown of carry forwards from 2022/23 is as follows:

BORROWINGS

The City has no additional debt planned for 2023/24 with scheduled loan repayments of \$1,585,417.

CASH BACKED RESERVES

Tamala Park Reserves

The Tamala Park Reserve was established in 2011/12 and funded from revenue received from land developed by the Tamala Park Regional Council. The purpose of the reserve includes allocating funds for future significant or major capital works, infrastructure, project or debt reduction for the benefit of the City. From the 2023/24 financial year, the City proposes the change in purpose of the reserve to include funding for underground power projects. This change will be disclosed in the annual budget as required under section 6.11(3)(a) of the Local Government Act 1995.

Waste Management Plant and Equipment Reserve

This Waste Management Plant and Equipment Reserve was established for the purpose of replacing plant & equipment associated with the City's waste management, minimisation and recycling operations. Due to the under-utilised nature of the reserve, the City proposes the closure of the reserve and funds to be allocated to the Strategic Waste Management Reserve. From the 2023/24 financial year, the City also proposes the change in purpose of the Strategic Waste Management reserve to include funding for replacing plant & equipment for the City's waste operations. This change will be disclosed in the annual budget as required under section 6.11(3)(a) of the Local Government Act 1995.

RATES SETTING CONTEXT

nema nel mano minimo di internationa di mano minimo di 1986.

The following table details how the rate in the dollar and waste collection charges (where they are applied separately) levied in 2022/23 impact on the rate levied on an individual residential property at each of the local governments, based on a nominated Gross Rental Value (GRV) of \$17,420, being the Residential category median GRV.

The City of Vincent remains one of Perth's lowest rating Councils, currently ranked eight lowest in the table below.

Rates Growth and Waivers

Rates revenue in the draft Rate Setting Statement (**Attachment 2**) has also provided for the following assumptions:

- An increase of approximately \$400,000 due to organic growth in rates revenue arising from property development or improvement (i.e. interim rates); and
- A decrease of approximately \$150,000 as a waiver of rates for particular community and sporting groups.

The City has been experiencing a moderate level of growth in the number of rateable properties over recent years, averaging nearly 1.19% between 2017 and 2023.

LOCAL GOVERNMENT PROPERTIES - RATES WAIVER

In recent years, Council has waived the rate on a range of City properties leased to various community and sporting groups. If a waiver is to be considered, it is necessary for it to be considered at the time of the adoption of the budget. Accordingly, Administration has proposed a recommendation to give Council the opportunity to expressly waive the rates for individual leased local government properties that do not meet any of the defined exemption criteria under section 6.26(2) of the Act.

The total value of the rates waiver of **\$120,672.13** has been included in the Rates modelling, and is as follows:

DIFFERENTIAL RATES AND MINIMUM RATES IN 2023/24

In preparing the Differential Rates and Minimum Rates for 2023/24, the City has used the following assumptions:

Residential Category:

The Residential rate imposes a differential rate on land primarily used for residential purposes.

The rate in the dollar has been set at or about the general rate, on the basis that residential properties represent 72% of the total gross rental value of all Vincent properties and therefore they will make a reasonable contribution to the cost of local government services and facilities.

Vacant - Residential Category:

The *Vacant-Residential* rate is imposed on vacant, uninhabitable or undeveloped residential properties that are zoned Residential.

The higher rate in the dollar encourages the development of vacant properties, improving the City's streetscape and stimulates growth and development in the community.

Vacant - Commercial:

The *Vacant-Commercial* rate is imposed on vacant or undeveloped non-residential properties that are zoned Mixed Use, Local Centre, District/Regional Centre, Special Use and Commercial.

The rate in the dollar has been set at or about 177% of the general rate. A higher vacant commercial rate encourages the development of vacant properties, improving the City's streetscape and builds business infrastructure that contributes to the local economy.

Other - Commercial/Industrial:

The Other – Commercial/Industrial rate is imposed on non-residential properties that are used for commercial or industrial purposes.

Examples of properties that fall within this category are retail shops, storerooms, car bays, advertisements, wholesalers, warehouses, offices, service stations, hotels, taverns and properties generally used for business purposes.

The rate in the dollar has been set at or about 92% of the general rate. A lower rate has been designed to support and attract businesses to the City thereby stimulating growth and development in the community.

The objective for minimum rating:

A minimum rate is applied to all differential rate categories within the City of Vincent.

The setting of the minimum rate recognises that every property within the City receives a minimum level of benefit from works and services provided throughout the City. By adopting a minimum rate, Council takes this benefit into consideration.

CONSULTATION/ADVERTISING:

Consultation - Intention to Implement Differential and Minimum Rates - Section 6.36(1) of the Act

Notices which included relevant details of Council's intention to impose Differential and Minimum Rates and an invitation for submissions from electors and ratepayers in respect to the proposed differential rates were published on the City of Vincent's website, social media and local newspapers.

Additionally, the information was published on the following website page:

https://imagine.vincent.wa.gov.au/public-notice-of-intention-to-levy-differential-rates

Submissions were required to be made in writing and provided by 5pm 8 June 2023.

There was a total of 238 visits to our Differential Rates page during the consultation period with 193 viewing the home page and another 8 viewing several pages or submitting a response.

Details of submissions received have been included in **Attachment 7**. A direct response will be provided by Administration to the submitters on the specific questions and issues raised.

LEGAL/POLICY:

The following clauses from the *Local Government Act 1995* are relevant to the preparation of the Annual Budget.

6.2. Local government to prepare annual budget

- (1) During the period from 1 June in a financial year to 31 August in the next financial year, or such extended time as the Minister allows, each local government is to prepare and adopt*, in the form and manner prescribed, a budget for its municipal fund for the financial year ending on the 30 June next following that 31 August.
- * Absolute majority required.
- (2) In the preparation of the annual budget the local government is to have regard to the contents of the plan for the future of the district made in accordance with section 5.56 and to prepare a detailed estimate for the current year of
 - (a) the expenditure by the local government; and
 - (b) the revenue and income, independent of general rates, of the local government; and
 - (c) the amount required to make up the deficiency, if any, shown by comparing the estimated expenditure with the estimated revenue and income.
- (3) For the purposes of subsections (2)(a) and (b) all expenditure, revenue and income of the local government is to be taken into account unless otherwise prescribed.
- (4) The annual budget is to incorporate
 - (a) particulars of the estimated expenditure proposed to be incurred by the local government; and
 - (b) detailed information relating to the rates and service charges which will apply to land within the district including
 - (i) the amount it is estimated will be yielded by the general rate; and
 - (ii) the rate of interest (if any) to be charged by the local government on unpaid rates and service charges;

and

- (c) the fees and charges proposed to be imposed by the local government; and
- (d) the particulars of borrowings and other financial accommodation proposed to be entered into by the local government; and
- (e) details of the amounts to be set aside in, or used from, reserve accounts and of the purpose for which they are to be set aside or used; and

- (f) particulars of proposed land transactions and trading undertakings (as those terms are defined in and for the purpose of section 3.59) of the local government; and
- (g) such other matters as are prescribed.
- (5) Regulations may provide for
 - (a) the form of the annual budget; and
 - (b) the contents of the annual budget; and
 - (c) the information to be contained in or to accompany the annual budget.
- 6.36. Local government to give notice of certain rates
- (1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so.
- (2) A local government is required to ensure that a notice referred to in subsection (1) is published in sufficient time to allow compliance with the requirements specified in this section and section 6.2(1).
- (3) A notice referred to in subsection (1)
 - (a) may be published within the period of 2 months preceding the commencement of the financial year to which the proposed rates are to apply on the basis of the local government's estimate of the budget deficiency; and
 - (b) is to contain -
 - (i) details of each rate or minimum payment the local government intends to impose; and
 - (ii) an invitation for submissions to be made by an elector or a ratepayer in respect of the proposed rate or minimum payment and any related matters within 21 days (or such longer period as is specified in the notice) of the notice; and
 - (iii) any further information in relation to the matters specified in subparagraphs (i) and (ii) which may be prescribed; and
 - (c) is to advise electors and ratepayers of the time and place where a document describing the objects of, and reasons for, each proposed rate and minimum payment may be inspected.
- (4) The local government is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.
- (5) Where a local government
 - (a) in an emergency, proposes to impose a supplementary general rate or specified area rate under section 6.32(3)(a); or
 - (b) proposes to modify the proposed rates or minimum payments after considering any submissions under subsection (4),

it is not required to give local public notice of that proposed supplementary general rate, specified area rate, modified rate or minimum payment.

6.26. Rateable land

(1) Except as provided in this section all land within a district is rateable land."

Subsection (2) then goes on to specify the nature of properties that are exempt, which in essence includes:

- (a) Crown Land being used for a public purpose or is unoccupied;
- (b) Local government land used for a local government purpose;
- (c) Regional local government land used for that Regional Local Government's purposes;
- (d) Land used exclusively for a religious body as a place of worship, residence of a minister, a convent, nunnery or monastery or occupied exclusively by a religious brotherhood or sisterhood:
- (e) Land used exclusively by a religious body as a school:
- (f) Land used exclusively as a non-government school;

- (g) Land used exclusively for charitable purposes;
- (h) Land vested in trustees for agricultural and horticultural show purposes;
- (i) Land owned by Co-operative Bulk Handling Limited;
- (j) Land exempt from rates under any other written law;
- (k) Land which is declared by the Minister to be exempt from rates.

6.47. Concessions

Subject to the Rates and Charges (Rebates and Deferments) Act 1992, a local government may at the time of imposing a rate or service charge or at a later date resolve to waive* a rate or service charge or resolve to grant other concessions in relation to a rate or service charge.

Fees and Charges

The fees and charges schedule has been reviewed in conjunction with the Budget development. The following provisions are relevant to the implementation of fees and charges.

6.16. Imposition of fees and charges

- (1) A local government may impose* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.
- * Absolute majority required.
- (3) Fees and charges are to be imposed when adopting the annual budget but may be
 - (a) imposed* during a financial year; and
 - (b) amended* from time to time during a financial year.

RISK MANAGEMENT IMPLICATIONS:

Moderate: The 2023/2024 Budget is based on the best information available and considered to be a reasonable and prudent representation of the financial performance for the year ahead.

STRATEGIC IMPLICATIONS:

This is in keeping with the City's Strategic Community Plan 2022-2032:

Innovative and Accountable

Our resources and assets are planned and managed in an efficient and sustainable manner.

Our community is aware of what we are doing and how we are meeting our goals

We are open and accountable to an engaged community

SUSTAINABILITY IMPLICATIONS:

The Annual Budget, Capital Works Program and Long Term Financial Plan provide resources to support the City of Vincent's Sustainability Programs.

PUBLIC HEALTH IMPLICATIONS:

The Annual Budget, Capital Works Program and Long Term Financial Plan provide resources to support the City of Vincent's Public Health Programs.

^{*} Absolute majority required."

^{*} Absolute majority required.

FINANCIAL/BUDGET IMPLICATIONS:

Subject to Adoption of the Budget on 20 June 2023, the Rates notices will be distributed from 26 July 2023.

Fees and Charges will be updated following the Budget adoption, unless otherwise set by a statutory authority to commence on any other date.

The opening surplus for 2023/24 has been decreased from \$6,676,946 in the prior year to \$4,098,614.

The closing surplus for 2022/23 is an estimate, as is the forecast for carry forward projects. Each of these will be submitted to Council for review following the annual audit of the 2022/23 Financial Statements. In the interim, the estimates are considered reasonable for calculation of the 2023/24 opening surplus.

Differential Rates and Minimum Payment Submissions received

Resident - City of Vincent

I've seen the facebook post regarding "Public Notice of Intention to Levy Differential Rates", but it appears to be lacking detail that would allow ratepayers to properly consider what you are proposing. Can you please advise:

Why the current & proposed differential rates and percentage increases are not published in the facebook post itself?

Why the current differential rates and percentage increases are not included in the "imagine" survey?

When and where the survey results will be published - this should occur before the council vote so that there is an opportunity to talk to counselors if required?

When you don't provide this information, you aren't being fully transparent because the proposed differential rates don't mean a lot without context. I note that this is not the first year that this has been done. Why is this approach of providing minimal information being taken?

If you don't provide all of the information, I believe that a lot of ratepayers will skim over this notification and/or not give it the attention that it may otherwise get.

What's the point of releasing a set of numbers if there is nothing to compare it to? What sort of feedback are you expecting with this lack of information?

Sorry, but you're asking for community feedback on something that is proposed, but it feels a little like it's being done in a way that aims to minimise feedback.

When do ratepayers get to see the proposed impact on their rates and will they get an opportunity to provide feedback?

This is just a tick-the-box exercise.

Without providing any details about what we will get for our money this process is just a tick-the -box exercise.

To continue to effectively charge businesses for collecting waste is a disgrace.

My suggestion is that savings be made by cutting proposed employee costs and insisting on productivity improvements to fund any pay rises.

I support this change.

Upon looking at my rates from last year were Residential Rates 0.085790% + Emergency Services Levy 0.016213%. The 0.0752480% does appear better than 0.085790%, unless of course the valuation does increase - which is likely with rental price increases. City of Vincent still increased rates during Covid whereas many other Perth councils did not. There appears to not be reduction a in spending by the council in this cost of living crisis we have as individuals have had to. Spending on Bin Inspectors and Courses/Events at the Loftus Centre/Library seems non critical. The increase in

parking fees and fines and an expansion of timed parking zones appears to be revenue raising to fund these. Also, aren't Emergency Services state government cost rather than local government? I read the McGowan government generated a surplus of around \$4B, why are home owners paying for this? In summary, increasing the rate fees (not just a reduction in rate %'s) to spend on seemingly non-critical activities is not appreciated.

This seems logical and I support the sprit of intent. I feel, however, that there's a missed opportunity to introduce greater division within each category (notably residential) to reflect the magnitude of a property.

Rates of vacant lots should be far higher. How does a land banking owner serve the community? It's a selfish act that should be penalised.

Residential rates should reflect home values more. Duplexes and townhouses can pay more higher rates than owners of houses where the house if potentially worth almost twice as much. The system is geared against (in general) the younger generation that doesn't own large land holding. I'm not expecting this to change as I assume most council board members own these larger size higher value properties.
