PURPOSE OF REPORT:

On 20 June 2023, Council approved key terms of the licence to Newox Pty Ltd (ACN 640 888 599) as trustee for Newox to use of a portion of Leederville Oval, 246 (Lot 500) Vincent Street, Leederville for a series of community events. This report seeks endorsement of the amendment to the key terms of the licence relating to the Licence fee, Initial Term and Option Term.

BACKGROUND:

Following Council's endorsement of the key terms of the licence, Newox advised the City that the proposed and endorsed Licence Fee was cost prohibitive and that they would not be able to operate events under that fee structure.

Land

No. 246 (Lot 500) Vincent Street, Leederville (Land) is reserved Parks and Recreation under the Metropolitan Region Scheme and is Crown land. Pursuant to a Management Order dated 22 September 2009, the City is vested with the care control and management of the Land for Recreation, Office and Administration purposes. The City has the power to lease, sub-lease or licence the Land for any term not exceeding 30 years subject to the prior written approval of the Minister for Lands.

The City has a lease with the East Perth Football Club and the Subiaco Football Club (the Clubs) for the period from 1 November 2004 to 31 October 2025. At the end of the current lease period, the Clubs have a right to exercise the option to extend the lease for a further nine years. The leases are for portions of the building shown in the Leederville Oval map attached as **Attachment 1**.

Newox Pty Ltd Proposal

The Licensee is a company associated with FJM Property. The Newox Trust has a long-term lease over and runs the Leederville Hotel.

In early May 2023, the Licensee requested exclusive rights to the unleased areas of Leederville Oval for the purpose of hosting a series of events focused around food and beverage offerings and/or music.

The proposal would include the use of the clubs' leased areas, in which the Licensee would negotiate and arrange with the two clubs.

The Licensee advised that they have the support of the Clubs for this proposal and propose to share revenue with the Clubs in return for the use of their clubrooms.

The licence with the City will cover the interconnecting area between the Clubs' leased areas, as well as the oval, car park and other common areas.

The Licensee is looking to hold events on two distinctly different scales:

- Larger events would use the whole or a substantial part of the Leederville Oval and its amenities. The larger events are proposed to be family friendly, with the exception of a New Year's Eve event; and
- Smaller events would be confined to the Clubs' leased premises; the interconnecting area between the Clubs' leased areas at the rear of the first floor old grandstand; a small portion of the car park and the toilets at the rear of the grandstand. The smaller events would either be family friendly or be confined to the internal areas and held at night.

The events using the oval are proposed to occur between October and December each year with no events taking place during the Western Australian Football League (WAFL) season.

Events using the clubrooms and inter-connecting area could take place throughout the year subject to approval from the Clubs.

Licence

The Licensee's proposal to host the events at Leederville Oval was considered under a licence tenure where they have a contractual right to non-exclusive occupation and use of the Licence Area.

In accordance with the [Property Management Framework](#) (adopted by Council on 17 November 2020), the Licensee is classified as a category 3 tenant, being a commercial entity. The framework sets out that the tenancy fee for a licence is to be negotiated.

The Licensee proposed the following key terms. These have now been updated to commence in 2024 rather than the original proposed date of 2023:

1	Initial Term	Two years commencing 1 October 2024 and expiring on 30 September 2026.
2	Option Term	Two x One (1) year term.
3	Licence Fee	As per City of Vincent's fees and charges applicable to Leederville Oval for the respective financial year. Revised fees are now proposed as per the recommendation set out in this report. These will be included in the 2024/25 Fees and Charges which will be presented to Council as part of the 2024/25 budget process.
4	Licence Area	Portion of Leederville Oval, being the oval section, common area section, additional facilities, and car parking area.
5	Permitted Purpose	To host a number of events focused around food, music or family friendly entertainment.
6	Outgoings	Lighting as per City of Vincent's fees and charges adopted as at 1 July annually.
7	Cleaning and maintenance	Licensee's responsibility.
8	Make Good	Licensee's responsibility, including through bond payment for turf repair by City.
9	Redevelopment	If the City: a) wishes to develop the Land or its surrounds; or b) determines that it can no longer maintain the Land in a safe and occupiable condition; the City, may upon providing the Licensee with 3 months' prior notice, require the Licensee to surrender the licence over the Land.

Licence Term

The Licensee seeks the right to use Leederville Oval for events between October and December each year and it was endorsed that the licence is granted only for this period and not a continuous 24 months. This will allow other event organisers to apply to hold events such as St Patricks Day at other times of the year.

It is proposed that the option term be at the absolute discretion of the City.

Licence Fees

The City of Vincent's 2023/24 fees and charges applicable to commercial events at Leederville Oval are as follows:

- **Half Day Event Under 1,000 people** – \$2,500.00 PLUS \$1,250 Bump in/Bump out;
- **Full Day Event Under 1,000 people** – \$5,000.00 PLUS \$2,500 Bump in/Bump out;
- **Full Day Event of 1,000 – 5,000 patrons** – \$7,900.00 per day PLUS \$3,950 Bump in/Bump out –PLUS Event Application Fee – \$500;
- **Full Day Event of 5,000 – 12,000 patrons** – \$12,600.00 per day PLUS \$6,300 Bump in/Bump out – PLUS Event Application Fee – \$500; and
- Note: Floodlights per hour \$ 276.00.

Newox have proposed alternative fees which are the subject of this amendment to the recommendation. The revised fees will form part of the 2024/25 Fees and Charges for all future commercial events at Leederville Oval.

The fees do not include a fee for the use of the car park or the bar between the two club rooms.

For use of the car park and the area between the two club rooms, Council endorsed the Licensee's proposed fee of \$1,000 per day. This fee is acceptable in the context of the fees charged by other inner city local governments for the use of unpaid car parks and that the City currently does not have a fee or charge for the use of these spaces.

The licensee (or other responsible person(s)) will be subject to paying fees and charges associated with event related applications (public building, food, noise etc.), for each event, per the City's Fees and Charges schedule for the relevant financial year.

Licence Area

The Licence Area will comprise a portion of the Leederville Oval, being the oval section, common area section, additional facilities and car parking area.

Before entering into the licence, the City would be required to gain support from all lease and licence holders over the Land.

The licence would not apply to the areas leased by the Clubs, being their club rooms and changerooms. In order to use these areas, the Licensee would require the consent from the Clubs.

The licence would require the Licensee to inform lease and licence holders of any events before they occur.

Permitted Purpose

The events proposed by Newox Pty Ltd are required to meet the deliverables in the City's Public Health Plan and not be focused on alcoholic beverage offerings.

The licence will require events to be open to all ages and family friendly with the exception of late-night events, which could be permitted to be over 18's only, provided alcoholic beverage offerings are not the focus of the event and alcohol consumption is not promoted by the event.

The maximum accommodation for any event at the Licence Area would be subject to State Government regulations based on:

- Use of the venue/building(s);
- Available floor space (publicly accessible);
- Available exits (number and aggregate width); and
- Available sanitary facilities.

The Licensee would be responsible for making the relevant applications to construct, alter or extend the Public Building(s) proposed to be used at Leederville Oval, prior to each event, and occupancy of the venue would be subject to approval being granted.

Temporary structures erected for any event at Leederville Oval would be subject to independent certification by a suitable qualified engineer/building surveyor/person. The City would require sufficient evidence to be provided, prior to the use of the structure(s), to satisfy evidence of suitability, safety, accessibility and integrity.

Exits and toilet facilities at Leederville Oval are not currently adequate for large event crowds and additional signage and accessible toilets would be required to accommodate such events.

In relation to Leederville Oval itself, due to the short 'dummy fence' that surrounds it, the available capacity of the pitch/oval would be limited at any one time, depending on the management measures being implemented by the Licensee.

The use of amplified sound at any event at the Venue will be subject to compliance with the Environmental Protection (Noise) Regulations 1997 (Noise Regulations). A detailed noise management plan will be required for any event involving the use of amplified music. A maximum of two events, in any consecutive 12 month period, may be considered in accordance with Regulation 18 of the Noise Regulations.

Cleaning

All cleaning and maintenance associated with events would be the responsibility of the Licensee.

Make Good

The events would take place during the WAFL offseason, during which time reticulation needs to take place on the oval. The impact on the turf of any events taking place on the oval would need to be carefully managed and restrictions would be put in place through the terms of the licence to ensure that any damage can be managed and reticulation can occur in preparation for the WAFL preseason.

In addition, the Licensee acknowledges that AFLW and AFL preseason games are sometimes held on Leederville Oval during the proposed events period (October to December). The licence would need to be restricted so that if these games are proposed, they can occur. These restrictions would include not permitting events on the oval surface for at least six weeks prior to any AFLW or AFL preseason games. Events could then occur on the oval after games, provided watering is not impacted. Turf renovations to repair any damage could then occur in January ready for the WAFL preseason training.

The turf repairs resulting from the events would be funded by the Licensee. A bond would be retained and the City would undertake any remediation work.

The June 2023 Council endorsement included a Licence fee based on the 2023/34 fees and charges for commercial event hire.

Despite reviewing the Council Report and raising no concerns with the recommended fees and changes prior to Council determining the matter, representatives from Newox subsequently advised that their events would be unviable if they were to be charged these fees.

DETAILS:

The commercial event hire fees for the oval as set out in the 2023/24 Fees and Charges were developed under a set of assumptions and conditions related to standard event hire fees and do not reflect the costs of operating a commercial event nor the potential to activate this space with the associated benefits of its proximity to Leederville Town Centre.

The proposal from Newox to use Leederville Oval for events outside the football season presents a unique opportunity to test the activation of the space and for the City to assess and understand the impact of various uses for the Oval in the off-season.

By supporting a range of diverse events, the City can leverage Leederville Oval to its full potential, benefiting both the community and local businesses.

In light of this, new fees and charges are proposed for the purpose of this licence to provide a more flexible approach for the use of Leederville Oval, ensuring that the pricing structure encourages rather than inhibits the activation of the space.

These revised fees will be reflected in the 2024/25 Fees and Charges.

The proposed changes to the June 2022 endorsed recommendation are set out below:

That Council:

1. Subject to the approval of the Minister of Lands, APPROVES the grant of licence to Newox Pty Ltd (ACN 640 888 599) for the use of a portion of Leederville Oval, 246 (Lot 500) Vincent Street, Leederville on the following key terms:

RISK MANAGEMENT IMPLICATIONS

Medium: It is low to medium risk for Council to approve this license as proposal with the following issues to be considered

Risks	Mitigation
Delays to turf renovations during the football off season impacting on the WAFL clubs preseason use of the ground and use of the oval during the WAFL season	<ul style="list-style-type: none"> • Licence to require turf maintenance plan prior to commencement of each event season (WAFL off-season) and event usage to comply with this turf maintenance plan. This may restrict use of the oval at particular times and set maximum usage periods (i.e. two days maximum) to ensure turf replacement and reticulation can take place. • Licence to require the licensee to fund any additional costs over and above the turf maintenance plan approved at the start of the off-season. • Bond retained at start of season for turf repair following events season.
Impact on AFLW and AFL preseason game opportunities at Leederville Oval	<ul style="list-style-type: none"> • Licence to prioritise AFLW and preseason AFL games over licensee’s events, including the six weeks prior to those games.

<p>Noise complaints from nearby residents</p>	<ul style="list-style-type: none"> • Licence to require the licensee to prepare a noise management plan for each event, for assessment and consideration under the Environmental Protection (Noise) Regulations 1997. The noise management plan must include details on the proposed impact to surrounding properties, and appropriate noise mitigation and management measures. • Licence to require the licensee to notify all impacted residents, within a radius agreed by the City, for each proposed event. This notification must include details of the potential noise impact and direct contact details to the event Owner/Operator so that action occurs immediately. • For any event that involve amplified music (for example: concert, live music, DJs etc.), a maximum of two such events will be permitted in the first season. The second season could consider additional events if there is majority community support.
<p>Antisocial behaviour from event patrons</p>	<ul style="list-style-type: none"> • Licence to require security management plan for each event, including crowd management and notification to surrounding residents regarding events and security’s direct contact details so that they can be notified of any antisocial behaviour and action is taken immediately. • Licence to require all large-scale events, with the exception of New Year’s, required to family friendly events. • Licence to require all other events to be food or music focused, rather than focused on the consumption of alcohol; and limit alcohol advertising, marketing, promotion and sponsorship. • Licence to require event management plan for approval by the City, to ensure learnings from each event improve subsequent approach.

Benefits:

- Financial return to the City;
- Increased economic benefit to Leederville Town Centre;
- Financial support for the two WAFL clubs;
- Activation of Leederville Oval during the football off season; and
- Vibrancy and activation of Leederville Town Centre.

STRATEGIC IMPLICATIONS:

This is in keeping with the City’s *Strategic Community Plan 2018-2028*:

Connected Community

Our community facilities and spaces are well known and well used.

Thriving Places

We encourage innovation in business, social enterprise and imaginative uses of space, both public and private.

SUSTAINABILITY IMPLICATIONS:

This does not contribute to any environmental sustainability outcomes. This action/activity is environmentally neutral.

PUBLIC HEALTH IMPLICATIONS:

The City of Vincent's Public Health Plan 2020-2025 sets the long-term goal of reducing smoking and harmful alcohol use, with the following key deliverables related to events proposals:

"1.4 Reduce exposure to unhealthy advertising, marketing, promotion and sponsorship (includes, but not limited to alcohol, unhealthy food and drink, smoking, and gambling)"

18.1 Develop partnerships with the community, organisations and licenced premises to reduce the risk of antisocial behaviour and alcohol related harm in the community

18.2 Support the implementation of alcohol and or smoke free environments including festivals, events, activities and or clubs

18.3 Incorporate public health principles into applications involving the sale and supply of alcohol."

The events proposed by Newox Pty Ltd would be required to achieve the above deliverables.

FINANCIAL/BUDGET IMPLICATIONS:

The City would benefit from additional revenue generated as a result of the licence.

COMMENTS:

The presence of large-scale events at Leederville Oval brings many advantages to Leederville Town Centre, attracting visitors who would patronise local businesses and contribute to the overall economic development and vibrancy of the town centre. As demonstrated by the WAFL Grand Final in 2022, there was an approximate increase of \$283,000 in spending in the town centre on event day. The City would continue to monitor the spend map data to measure the economic impact on local businesses while events are taking place. These types of events would highlight Leederville as an attractive destination for local residents and tourists alike.

The City will work with Newox Pty Ltd to reduce any impacts on surrounding residents which would be managed through community consultation, noise management plans, ingress and egress plans and resident notifications. Impacts on the community would be monitored over the event period.
