SWAN RIVER TRUST

Terms of Reference

Purpose of Trust

The Swan River Trust (SRT) board make decisions on land use planning in and around the Swan River to ensure no adverse impacts to the natural environment and ecology occur. All development that abuts the Swan River must be referred formally or informally to the SRT. SRT officers then make a recommendation to the SRT Board for endorsement, alteration or rejection.

Each Council's representative is only required at the meetings if there is a development application being considered relating to their local government area.

Meeting Information

The SRT Board meets at least once a month.

Further Information

Further information about the SRT can be found at their website www.swanrivertrust.wa.gov.au.
