Cycling in Perth

The Swan River has been named as one of the State's icons. Shared paths make it possible to ride, walk or skate a circuit along the river foreshore. Hire firms can supply all the equipment required.

Cycling in Vincent

In addition to the Vincent Local Bicycle User Group, there are plenty of opportunities for cycling in the Town of Vincent. The TravelSmart Guide shows a network of paths and designated cycling streets that will connect you to major destinations such as Lake Monger, Leederville Town Centre, Mt Lawley, the City or Kings Park.

Cycling in Stirling

In addition to the Stirling West Local Bicycle User Group, there are plenty of opportunities for cycling in the City of Stirling. The TravelSmart Guide shows an extensive network of paths in the Stirling area and designated cycling streets that will connect you to the City, the coast and other great destinations. A range of brochures detailing shared path facilities running through local parks and reserves is produced by the City of Stirling can be accessed at: www.stirling.wa.gov.au/home/recreation or in the Your City @ Your Leisure booklet available at Stirling libraries or the City administration building.
