## HOUSEHOLD HAZARDOUS WASTE

Household Hazardous Waste (HHW) is nasty stuff and doesn't belong in your green or yellow household bins. Typically, HHW is flammable, explosive, reactive or corrosive, such as:

| • Auto transmission fluid                 | • Fire extinguishers                                     | • Medicines              |
| • Brake fluid                             | • Flammable liquids and solids                           | • Motor oil              |
| • Batteries                               | • Fluorescent tubes and compact fluorescent light globes | • Paint                  |
| • Bleach                                  | • Garden chemicals                                       | • Pesticides and poisons |
| • Corrosives (acids and alkalis)          |  | • Petrol                 |
|   |  | • Pool chemicals         |

Don't tip these materials down the drain or bury them. Instead, please do the right thing and drop them off for safe recycling and disposal at:

### City of Vincent Administration and Civic Centre:

- » Mobile phones (plus batteries and chargers), batteries (most kinds except car batteries), fluorescent tubes and compact fluorescent globes

### City of Vincent Library and Local History Centre:

- » Mobile phones, batteries, ink cartridges and compact fluorescent globes (drop tubes at the Admin Centre)

### You can also drop-off all your HHW to these facilities:

- » Recycling Centre, Mindarie or Balcatta.
