COMPOSTABLE CADDY LINERS VOUCHER 1

1 Packet – Redeemable at City of Vincent Library 99 Loftus Street, Leederville | Valid to 30 June 2023

Resident use only / not for resale | Valid until 30 June 2023

Sample only

Resident use only / not for resale | Valid until 30 June 2023

We are all go on FOGO!

Thanks to a fantastic start on our new 3 bin Food Organics, Garden Organics (FOGO) service, we have made a great leap forward in our City's target of zero waste to landfill by 2028.

In just the first six months, we have diverted 2,000 tonnes of food and garden waste from landfill. That's enough to fill the 50m pool at Beatty Park almost three times over!

Thank you for your fantastic efforts in embracing FOGO! With all residential properties and apartments now using FOGO as their standard waste service, we can make an even bigger impact this year.

**Sorting the future
is in your hands!**

Verge Valet™ is a pre-booked, flexible collection service for residential bulk waste, being trialled in partnership with the Western Metropolitan Regional Council. Verge Valet™ replaces the traditional set-date bulk waste collections previously offered by the City.

Before you book:

- Can you gift, donate, swap, sell or fix your usable items?
- Ensure your items are eligible for pick up.

How to book Verge Valet™ in 3 easy steps:

- Book your collection online at **vergevalet.com.au**
- Wait for an email and/or text message from the Verge Valet™ team confirming the date your items will be collected.
- Only place items on the verge 1–3 days before your scheduled collection date.

Residents have one allocated collection per financial year. Collections happen weekly on a Thursday. Please make your booking by at least the Thursday before your preferred collection date.

Need an additional collection? You can purchase a Verge Valet™ Extra service.

The City offers a scheduled Green Waste Verge collection.

To find the date of your next collection and information on what can and cannot be put out, visit www.vincent.wa.gov.au/green-waste-verge-collections.aspx

Green waste should be:

Free of contamination such as soil, general waste and recyclable material.

Logs stacked neatly next to prunings and branches. No mixed piles.

All prunings/branches/logs have:

Maximum length
of 1.5m (5ft)

Maximum diameter
of 30cm (12inches)

Maximum height
of pile 1.5m (5ft)

What you should NOT do:

- Do not place green waste in hessian or plastic bags of any kind. These will not be collected.
- Do not prune any street or verge trees.
- Do not place items near or obstruct any reticulation, street signs/poles, water meters, fences, footpaths or driveways.
- Do not place items on vacant lots, on roads, reserves, parks or any verge except your own.
- Do not place any items on the verge that are not green waste material – no household junk, furniture, sawn or treated timber. This is littering and you could be fined.

Bin Collection Calendar Area A

Recycling & FOGO General Waste & FOGO Public Holiday

We collect on all public holidays except Good Friday 7 April; collected 8 April.

NOTE: For multi-residential dwellings please refer to your strata manager for confirmation of your current collection days and frequency.

Placing your bin correctly

Please place two bins out for collection each week:

Refer to your Bin Collection Calendar for your collection weeks.

To ensure our waste trucks are able to collect your bins, please ensure you have left enough space and follow the below guidelines:

KG Keep the weight of the bin under 70kg

Ensure your bin lid can close & do not overfill

P Ensure no vehicles are parked in front of bins

Place bins out by 6am of your collection day

At least 1m from cars and street signs

Place bins at least 0.5m apart

with front of bin facing road

At least 1m from trees and not under tree canopy (where possible)

Household Hazardous Waste Drop Off

Household Hazardous Waste (HHW) contains chemicals or substances that can be harmful. Any leftover chemicals – including paints, solvents, pesticides and even cleaning products – should **not** be put in your household bins. These can be hazardous and should be disposed of safely.

Examples include:

- | | |
|--|---|
| <ul style="list-style-type: none">acids and alkalisaerosolsbatteries (household)construction wasteengine coolants and glycolsE-waste ie. Computers, mobile phones and electrical appliancesfire extinguishers - non halon (red only)flammablesflares | <ul style="list-style-type: none">fluorescent lamps and tubes (CFLs)gas cylinders (small household)household chemicals (e.g. cleaners)paintpesticides/herbicidespoisons/toxinspool chemicalssmoke detectorsunknown chemicals (must be in sealed, chemical resistant containers) |
|--|---|

These items can be disposed of at the two drop-off facilities listed below, most of which can be dropped off free. Both centres also have 'Reuse Shops' with a wide variety of rescued items for sale.

ASBESTOS MUST go to Tamala Park or Red Hill Waste Management Facility ONLY. Conditions apply.

See our website for more information: www.vincent.wa.gov.au/residents/waste-recycling/household-hazardous-waste.aspx

Drop Off Centres

Tamala Park Waste Facility

1700 Marmion Ave, Mindarie
Ph: 9306 6303

Balcatta Recycling Shop

Entrance through Balcatta Recycling Centre

Recycling Stations in the City of Vincent

Do not place household batteries, fluorescent globes/CFLs, mobile phones or ink cartridges in your household bins. They can be recycled but only if disposed of correctly. You can drop these items off at dedicated recycling stations located around the City:

- **City of Vincent Library**
99 Loftus Street, Leederville
(includes mobile phones)
 - **Beatty Park**
220 Vincent Street, Leederville
 - **Hawaiian's Mezz Shopping Centre**
148 Scarborough Beach Road,
Mount Hawthorn
- **North Perth Plaza Shopping Centre**
391 Fitzgerald Street, North Perth
 - **Woolworths Highgate**
80 Bulwer Street, Perth

Some Officeworks & Bunnings stores also have collection points for these and other e-waste (electronic) items.

Containers for Change

Every 10c drink container has the potential to be turned into something new – from shoes to pens, tin foil to road base, as well as new containers. By returning your 10c containers to a Containers for Change refund point you are ensuring they are recycled and not sent to landfill.

Containers for Change works with the local community, beverage companies, recyclers and the waste industry to recycle containers, helping to return more than \$13 million in refunds to the WA community since October 2020. It's also a great way for schools, clubs and charities to fundraise. To find out more about Containers for Change visit containersforchange.com.au.

Which containers can I save from landfill?

If your drink container has a 10c mark on it, bring it to us. Most aluminium, glass, plastic, steel and liquid paperboard drink containers between 150ml and 3L can be saved. Make sure you take off the lids – we recycle those too, just separately.

My local refund points*

Your local refund point is closer than you think!

Suburb	Name	Address	Type	Open hours**
Mount Hawthorn	Container Refunder	Britannia Reserve, Britannia Rd	Bag drop	24 hours
Mount Lawley	Good Sammy's	768 Beaufort St	Bag drop	7 days

Lookout for our handy Container Exchange points in the City to save your 10c containers from landfill while out and about.

FOGO KITCHEN CADDY INFORMATION

Your benchtop caddy makes sorting your food organics in the kitchen simple.

Go Nude!

Put your food scraps straight into your kitchen caddy and FOGO bin – no liners needed! Just rinse & dry your caddy after emptying.

Newspaper

Line your kitchen caddy with newspaper or re-use a paper bag.

Compostable Liners

Please only use certified home compostable liners in your FOGO bin.

Your caddy is dishwasher safe! Just pop the lid off as colours may fade on the stamp.

Look out for the Home Compostable Australian Standard symbols to ensure they are 100% plant based.

If bags are less than 100% plant based, they contain plastic and cannot go in your FOGO bin.

The tokens provided on the front of this Guide can each be exchanged for one pack of 75 compostable liners from the City of Vincent Library.

Compostable vs Biodegradable

✓ Compostable means made from 100% plant starch which breaks down into non-toxic elements in a composting system.

X Biodegradable means it breaks down into microplastics, which are harmful to the environment and will contaminate the FOGO compost.

If it didn't live or grow, it's not FOGO

Food Organics and Garden Organics

Your **FOGO** waste will be made into high quality compost so there must be NO contamination. Please use only compostable liners or paper in your kitchen caddy, never plastic bags. Your FOGO bin will be collected **weekly**.

Allowed:	Not allowed:
<p>Food waste including:</p> <ul style="list-style-type: none">Fruit and vegetablesMeat & bones (raw or cooked)Seafood, including shellsTea bags and coffee groundsBread and dairy productsFood leftovers and scrapsEgg shellsOut-of-date food (unpackaged) <p>Garden organics including:</p> <ul style="list-style-type: none">Lawn clippingsLeavesFlowers and weedsSmall branches <p>Other products including:</p> <ul style="list-style-type: none">Food-soiled paper (kebab/fish & chips wrappers)Food-soiled cardboard (pizza boxes)Tissues & paper towelsShredded paperPet poo and kitty litterHuman / pet hair	<ul style="list-style-type: none">Anything in non-compostable bagsBiodegradable packaging / plant-based plastic packagingDisposable coffee cupsCeramics and glassCoffee podsGarden prunings greater than 30cm in width and lengthGeneral wasteHoses and garden toolsNappies and hygiene products (including compostable)Plastic bags and packagingPlant pots (plastic and ceramic)Rocks and pebblesSoil and sandTextilesTimber (treated or untreated)TurfShiny paper, waxed paper and cardboard labels, tape, etc.

General Waste

The **RED LID GENERAL WASTE BIN** is for your remaining household rubbish that cannot be composted or recycled. Your general waste bin will be collected **fortnightly**.

Allowed:	Not allowed:
<ul style="list-style-type: none"> Nappies and hygiene products Meat trays Polystyrene and foam packaging Long life cartons e.g. long life milk, soy / plant milks & stock cartons Unusable clothing and rags that cannot be donated Plastic bags, Bubble wrap and other soft, scrunchable plastics (or take to REDcycle bins) Broken toys and small items (batteries removed) Rapid Antigen Tests (RAT) Face masks Gloves 	<ul style="list-style-type: none"> Food or garden organics Batteries, electronics, paint or other hazardous waste Clean recyclables <p><i>Note: Polystyrene can be dropped to the Recycling Centre Balcatta or Tamala Park Waste Facility where it will be compressed and recycled.</i></p> <p><i>See details on Hazardous Waste and Drop Off Centres Page.</i></p>

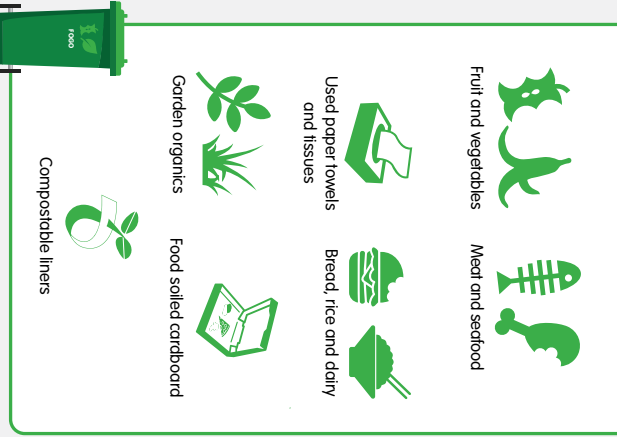

Soft Plastics can be taken to the REDcycle bins at Coles or Woolworths Supermarkets to be recycled. For more information see www.redcycle.net.au/what-to-redcycle/
