VINCENT ACCORD
Socialise with Safety

WHAT IS THE VINCENT LIQUOR ACCORD?

The Vincent Accord comprises stakeholders from licensed premises, the Town of Vincent, WA Police and other regulatory authorities. The Accord Committee consists of a committed, collaborative group whose aim is to implement strategies that promote the Town as a safe place to socialise. The success of the Accord relies on mutual and open communication between all stakeholders.

The Vincent Accord acknowledges that patrons, residents and the general community have a right to socialise in a safe environment, and should do so without impacting on the rights of others.

The Accord has developed a strategic document specifying the Vincent Accord's principles, aims and strategies

for 2009-2011, and represents a committed and unified approach. It acknowledges the currently implemented and supported practices with respect to licensed premises operating within the Town of Vincent, including the implementation of the *Liquor Control Act 1988*, and the importance of participating in drug and alcohol education initiatives. The signatories to the Vincent Accord (listed in Attachment A of the strategic document) are committed to upholding the principles and aims of the Accord.
