

CITY OF VINCENT

LOCAL HERITAGE SURVEY

DECEMBER 2025

ACKNOWLEDGEMENT OF COUNTRY

The City of Vincent acknowledges the Traditional Owners of this land, the Whadjuk people of the Noongar nation and pay our respects to the Elders past and present.

We recognise the unique and incomparable contribution the Whadjuk people have made and continue to make to our culture and in our community.

We would also like to acknowledge all Aboriginal and Torres Strait Islander Elders for they hold the memories, the traditions, the culture and hopes of Aboriginal and Torres Strait Islander Australia. We will continue to seek the input of the Traditional Owners.

The land on which we live, meet and thrive as a community always was and always will be Noongar land.

EXECUTIVE SUMMARY

The City of Vincent has a rich and diverse heritage demonstrated within its built and natural environment.

The City first released its Municipal Heritage Inventory (MHI) in 1995, it was updated in 2007 and has been intermittently updated since then. The MHI has also functioned as the City's Heritage List.

The Central Perth Heritage Inventory (CPHI) comprises a list of places of cultural heritage significance within the former Central Perth Redevelopment Area (CPRA). As part of the normalisation process, places listed under the CPHI have the same protection as those listed in the MHI.

Following changes to heritage legislation, the MHI was renamed as the Local Heritage Survey (LHS). The LHS is a survey of heritage places that are important to the history of the local area. A LHS provides base information needed for local governments to achieve consistency, strategic direction and community support when

dealing with heritage matters. Local governments are required under the *Heritage Act 2018* to prepare a survey of places in its district that in its opinion are, or may become, of cultural heritage significance.

Section (104) of *Heritage Act 2018* states that:

The purposes of a local heritage survey by a local government include:

- a) Identifying and recording places that are, or may become, of cultural heritage significance in its district.
- b) Assisting the local government in making and implementing decisions that are in harmony with cultural heritage values.
- c) Providing a cultural and historical record of its district.
- d) Providing an accessible public record of places of cultural heritage significance to its district.
- e) Assisting the local government in preparing a heritage list or list of heritage areas under a local planning scheme.

In 2024, the City engaged Hocking Heritage and Architecture to review the existing MHI and CPHI and prepare an updated LHS. The review and update included the following:

- Review of the documentary and physical evidence of the 286 existing places on the MHI and 20 existing places Central Perth Heritage Inventory.
- New documentary and physical evidence of 15 places nominated for inclusion on the LHS.
- Allocation of management categories of all places (existing and new).
- Review and updating of the Thematic History and Thematic Framework of the LHS.
- Recommendation of places for inclusion on the heritage list.

This review has been in accordance with the following publications prepared by the Heritage Council of Western Australia:

- Thematic History of Western Australia.
- Guidelines for the Assessment of Local Heritage Places.
- Guidelines for Local Heritage Surveys.
- Guidelines for Establishing a Heritage List.

INTRODUCTION

The City of Vincent encompasses an area of 11.3 square kilometres and sits immediately north of the Perth CBD. The City forms part of the central sub-region of the Perth Metropolitan area and includes the suburbs of North Perth, Leederville, Highgate, Mt Lawley, Mt Hawthorn, and parts of Perth, West Perth, East Perth, Coolbinia and Osborne Park.

The City sits west of Derbal Yerrigan (Swan River), east of Galup (Lake Monger) and is on land that forms part of an area known as Mooro, frequented by Yellagonga and his band. There are nine sites of Aboriginal significance for the Whadjuk Noongar people. The City acknowledges the Whadjuk people as the traditional custodians of the greater Mooro/Vincent area, having inhabited the land for tens of thousands of years prior to European settlement.

The years following European settlement in 1829 saw the widespread dispossession of land and displacement of traditional landowners, in favour of the Swan River Colony expansion. By the mid-1850s to 1883, the principal lakes in the area were drained and, following the establishment of Perth as a municipality under the 1871 Municipalities Act, Leederville, Highgate and North Perth were put under the control of the Perth Road Board District.

Infrastructure improvements in the 1880s, including the Fremantle to Guildford railway line, saw residential development progress in Highgate and North Perth, with development moving north steadily over time and seeing Mt Hawthorn experiencing subdivision and development between the late 1890s and early 1900s. The population towards the end of the 1800s was more than 1000 people.

A migration peak after the First World War, then led into a decline in activity around the 1930s due to the depression. While the end of the Second World War saw relative population stagnation, the city still saw a steady increase in population into the millennium. The Town of Vincent formally came into effect in July 1994 as part of a City of Perth restructure and later in 2011 became the City of Vincent.

WHAT IS CULTURAL HERITAGE SIGNIFICANCE?

The *Heritage Act 2018* defines cultural heritage significance as: *“Aesthetic, historic, scientific, social or spiritual value for individuals or groups within Western Australia. Cultural heritage significance may be embodied in a place itself and in any of its fabric, setting, use, associations, meanings, records, related places and related objects. A place may have diverse values for different individuals or groups.”*

Heritage places that have undergone an evaluation process that considers and analyses documentary and physical evidence relating to the cultural heritage significance of the place may be registered on the Local Heritage Survey or the State Register of Heritage Places.

HERITAGE ACT

In September 2018, the Western Australian Parliament passed the Heritage Bill 2017 effectively giving Western Australia a new Heritage Act. It replaces the *Heritage of Western Australia Act 1990*.

This Local Heritage Survey was prepared according to the HCWA’s Guidelines for Local Heritage Surveys, which was released in August 2022 to assist the preparation of Local Heritage Surveys in accordance with *Heritage Act 2018*.

Key changes to the new Act include amended processes for entering a place in the State Register, guidelines for the development of heritage places, better protections for important heritage places, and increased transparency by publishing the Heritage Council’s advice to the Minister for Heritage on the inclusion of a place in the State Register.

WHAT IS THE LOCAL HERITAGE SURVEY?

The *Heritage Act 2018* requires each local government to identify places of cultural heritage significance in a Local Heritage Survey (LHS). The Act identifies that the purposes of the LHS include:

- a) Identifying and recording places that are, or may become, of cultural heritage significance in its district.
- b) Assisting the local government in making and implementing decisions that are in harmony with cultural heritage values.
- c) Providing a cultural and historical record of its district.
- d) Providing an accessible public record of places of cultural heritage significance to its district.
- e) Assisting the local government in preparing a heritage or list of heritage areas under a local planning scheme.

A key function, however, will be to inform the preparation of a heritage list and heritage areas under the local planning scheme, as detailed in (e) above. The LHS itself is identified as having no direct statutory role in respect of the *Planning and Development Act 2005*, and should not be used as the basis of decision making for development or subdivision proposals. This function is served by a heritage list or heritage area.

The original City of Vincent MHI was adopted in 1995 and reviewed in 2007 and 2024.

ABORIGINAL HERITAGE

The 2024 LHS Review includes a synopsis of the culture and involvement of the Aboriginal community in the development of the City of Vincent.

The HCWA Guidelines on Local Heritage Surveys state that “places of significance to Aboriginal communities may be included in the LHS where their cultural heritage significance is not solely connected with Aboriginal tradition or culture. Places that may be protected under the *Aboriginal Heritage Act 1972* should be identified as such in the LHS, noting that the provisions of that Act also apply”.

HERITAGE LIST

The City's Heritage List is a statutory tool to identify places of cultural heritage significance that are worthy of built heritage conservation. It is guided by the Local Heritage Survey. The inclusion of a place on a heritage list provides it with formal recognition and protection under the City's Local Planning Scheme.

Development to these places is guided by Local Planning Policy: Development Guidelines for Heritage Places. This policy requires the City to give due regard to the heritage significance of the site when development applications are submitted for these places including proposals for demolition, internal works, or new structures.

Prior to the review of 2024, the City's MHI and CPHI functioned as its Heritage List.

CULTURAL HERITAGE SIGNIFICANCE

Cultural heritage significance may be embodied in a place itself and in any of its fabric, setting, use, associations, meanings, records, related places and related objects. The assessment of significance – understanding the cultural values and historical importance of a place – is the basis of all good heritage decisions. This is the first step of the conservation management process identified in the Australia ICOMOS Charter for places of cultural heritage significance (the Burra Charter 2013), which guides best heritage practice. The cultural heritage significance of a place should:

- Be expressed in terms of its aesthetic, historic, scientific, social and spiritual value.
- Consider matters including rarity and representativeness.
- Be guided by a thematic history of the local district or region.

The heritage value of a place should be guided by a thematic history which provides an understanding of the history and development of its local district. Guided by the Western Australian heritage themes, these themes are used in the assessment of the cultural heritage significance of a place.

Note: the City of Vincent Thematic History is available on its website and at the Local History Centre.

MANAGEMENT CATEGORIES

Management categories recognise the varying degrees of importance and intactness of heritage places. This review assigns Management Categories in accordance with the HCWA's Guidelines for local heritage surveys which range from one to four. The level of significance for the management categories are guided by Clause 1.5 of the Local Planning Policy: Assessing Cultural Heritage Significance and in the following table:

MANAGEMENT CATEGORY	LEVEL OF SIGNIFICANCE	DESCRIPTION	OUTCOME
1	Exceptional	Essential to the heritage of the locality. Rare or outstanding example.	<ul style="list-style-type: none"> The place should be retained and conserved. Any alterations or extensions should reinforce the significance of the place and be in accordance with a Conservation Plan (if one exists for the place). Should be included on the heritage list.
2	Considerable	Very important to the heritage of the locality.	<ul style="list-style-type: none"> Conservation of the place is highly desirable. Any alterations or extensions should reinforce the significance of the place. Should be included on the heritage list.
3	Some/moderate	Contributes to the heritage of the locality	<ul style="list-style-type: none"> Conservation of the place is desirable. Any alterations or extensions should reinforce the significance of the place, and original fabric should be retained wherever feasible. May be included on the heritage list.
4	Little	Has elements or values worth noting for community interest but otherwise makes little contribution.	<ul style="list-style-type: none"> Photographically record prior to major development or demolition. Recognise and interpret the site if possible. Below the threshold for the heritage list.

REVIEW OF LOCAL HERITAGE PLACES 2024

REVIEW STRATEGY

The review of the City of Vincent's Local Heritage Strategy (LHS) has been undertaken in accordance with the guidelines prepared by the Department of Planning, Lands and Heritage and the conservation philosophy of the Australian ICOMOS Burra Charter 2013.

Key documents include:

- Thematic History of Western Australia
- Guidelines for the Assessment of Local Heritage Places
- Guidelines for Local Heritage Surveys
- Guidelines for Establishing a Heritage List
- Practice Note – Understanding and assessing cultural significance (Australia ICOMOS, 2013)
- Australia ICOMOS Charter for places of cultural significance, 2013

REVIEW PHASES

Phase 1: Review and assessment of existing MHI and CPHI. Notification provided to the community of the heritage review and the public were invited to nominate new places.

Phase 2: Review and assess nominated places from the community and City staff.

Phase 3: Draft LHS reviewed by Council and publicly advertised for comments. The draft document included the updated Thematic History and place record forms of existing and nominated places.

Phase 4: Review of submissions.

Phase 5: Preparation of finalised document for endorsement by Council.

THEMATIC HISTORY

The Thematic History was updated by the City and reviewed by the heritage consultant. It is based on the framework prepared in 1995 by Hocking Heritage and Architecture and revised in 2014 by Griffiths Architects.

This document is available on the City's website and at the Local History Centre.

CONSULTATION

To ensure a successful and positive outcome for the Local Heritage Survey (LHS) review, the City's consultation strategy was undertaken in accordance with the Community Stakeholder and Engagement Policy.

Minimal submissions were received from the community with the majority supporting the proposed changes.

The City then consulted with the owners of places to determine their inclusion on the City's Heritage List.

NOMINATED PLACES

The City received nominations from community members, the City's Local History Centre and its heritage consultant. These places were assessed by Hocking Heritage and Architecture in accordance with the HCWA guidelines.

The following 15 places were considered to have cultural heritage significance and are added to the City's Local Heritage Survey.

PLACE NAME	PLACE ADDRESS	RECOMMENDED MANAGEMENT CATEGORY
Scurlock's Chemist (fmr)	507 Beaufort St, Mount Lawley	Category 4
Presbytery	64 – 66 Mary St, Mount Lawley	Category 3
Castellorizian House	160 Anzac Rd, Mount Hawthorn	Category 2
Mount Hawthorn Community Centre	197 Scarborough Rd, Mount Hawthorn	Category 2
Rosemount Theatre (fmr)	464 Fitzgerald St, North Perth	Category 2
North Perth Chapel	117 Angove St, North Perth	Category 3
St Nikola Macedonian Orthodox Church	60 Angove St, North Perth	Category 2
Interwar Shops, 22 – 28 Angove St	22 – 28 Angove St, North Perth	Category 3
Kyilla Primary School	4 Selkirk St, North Perth	Category 2
Lacey St Precinct	Brewer St, Brisbane and Lacey St, Perth	Heritage Area
Cheriton St Group	60 – 62 and 64 Cheriton St, Perth	Category 3
Goode Durrant & Murray Clothing Factory (fmr)	34 Palmerston St, Perth	Category 3
Methodist Manse (fmr)	482 – 484 Newcastle St, West Perth	Category 2
Swan Maternity Hospital (fmr)	590 Newcastle St, West Perth	Category 2
Bulwer St Group	344 – 354 Bulwer St, West Perth	Category 3
Janet St Heritage Area	Janet St, West Perth	Heritage Area

LIMITATIONS OF THE REVIEW

Physical descriptions of places are based on exterior qualities from the public domain. Where permission was requested and granted, access to private property for places that are difficult to view from public domain was undertaken. The architectural styles of places within the Local Heritage Survey are based on 'A Pictorial Guide to Identifying Australian Architecture: Styles and Terms from 1788 to the Present.'¹ Buildings that were noted typical of a specific style were noted solely on the architectural period.

PLACE RECORD FORMS

Place Record Forms have been compiled for each of the places in the Local Heritage Survey. They have been prepared in accordance with HCWA guidelines.

The Place Records Forms for all Places on the City's Local Heritage Survey are available on the City's website and the Local History Centre.

TERMINOLOGY

Place is defined by the *Heritage Act 2018* as

- 1) Place means a defined or readily identifiable area of land and may include any of the following things that are in, on or over the land.
 - a) archaeological remains
 - b) buildings, structures, other built forms, and their surrounds
 - c) equipment, furniture, fittings and other objects (whether fixed or not) that are historically or physically associated or connected with the land
 - d) gardens and man-made parks or sites
 - e) a tree or group of trees (whether planted or naturally occurring) in, or adjacent to, a man-made setting
- 2) For the purposes of the definition of place in subsection (1).
 - a) The area of land may include any number of contiguous or non-contiguous parts.
 - b) The area of land may be included in any number of lots, in separate titles and in different ownerships.
 - c) The area of land includes as much of the land beneath the surface as is required for the purposes of conservation.
 - d) It is immaterial that water covers the area of land at any particular time or at all times.

The following terms have been defined as per the HCWA's Guidelines for the Assessment of Heritage Places:

- **Aesthetic value:** refers to the sensory and perceptual experience of a place and should have characteristics of scale, composition, materials, texture and colour that are considered to have value to the City.
- **Historic value:** is significant in the evolution or pattern of the history of the local district.
- **Scientific value:** has the potential to yield information that will contribute to an understanding of the history of the locality or region.
- **Social value:** is significant through association with a community or cultural group in the local district for social, cultural, educational or spiritual reasons.
- **Spiritual value:** is significant because it embodies or evokes intangible values and meanings which give it importance in the spiritual identity, or the traditional knowledge, art, and practices of a cultural group.
- **Rarity:** these places demonstrate rare, uncommon or endangered aspects of the cultural heritage of the local district.
- **Representativeness:** These places are significant in demonstrating the characteristics of a class of cultural places or environments in the local district.
- **Condition:** The current state of the place in relation to the values for which that place has been assessed, and is generally graded on the scale of Good, Fair or Poor
- **Integrity:** The extent to which a building retains its original function, generally graded on a scale of High, Medium or Low.
- **Authenticity:** The extent to which the fabric is in its original state, generally graded on a scale of High, Medium or Low.

PLACE INDEX

The index provides a comprehensive list of places included in the Local Heritage Survey for their values and significance to the City of Vincent.
