1. INTRODUCTION

The City of Vincent recognises the right of the individual to complain when feeling dissatisfied with the service received from Employees or Elected Members and undertakes, wherever possible, to resolve these complaints and to prevent similar complaints from occurring.

This procedure is an essential part of any customer driven business, however we must not lose sight of the fact that this is not so much about complaints, but about quality Customer Service.

Our focus in dealing with people (“*our Customers*”) should always be about service. A measure of our success in providing that quality service is not how good our complaints-handling procedure is, but how little we have to use it.

Our Customers

Our customers include:

- People who have dealings with the City of Vincent.
- Residents, ratepayers, business proprietors, community, sporting and recreations clubs and associations.
- Visitors to the City of Vincent.
- Employees within the City of Vincent.
- Government departments and non-government agencies and organisations.

1.1 **Purpose**

The purpose of these procedures is:

- (a) *to resolve the problem for the individual; and*
- (b) *to improve the quality of the service provided by the City of Vincent.*

This complaints-handling procedure is in place to resolve complaints made to the City of Vincent, and to enable us to continuously improve the quality of our customer service. These procedures will be applied to all customer complaints, including requests that have the potential to become complaints.

1.2 **Definition of a Complaint**

- (a) *For the purpose of recording complaints as opposed to service requests, a complaint shall be defined as follows:*

“A complaint is an expression of dissatisfaction about the standard of service provided, or an action or inaction, by the City of Vincent or its Employees or Elected Members.”

Some examples of a complaint are:

- *confusing or incorrect advertised information;*
- *a published service standard that has not been met in accordance with the Charter or policies of the City of Vincent; and*
- *inappropriate behaviour/conduct of Employees or Elected Members.*

A complaint therefore is not:

- a request for service (eg: to remove a verge tree, remove graffiti, the reporting of a pothole, to repair a footpath or broken rubbish bin);
 - the lodgement of an review application against a decision that has been made by Council in accordance with Council procedure or policy;
 - a request to provide information; or
 - a trivial, vexatious or frivolous matter.
- (b) *In the event that a request for service or information is agreed to but not forthcoming, or has been handled inappropriately, the person's next contact with the City of Vincent about that issue could become a complaint, through our failure to respond, or respond appropriately. All requests therefore have the potential to become complaints. Employees need to be aware of this and exercise judgement.*
- (c) The complaint can be received in a number of ways:
- (i) in writing, including faxed and electronic (e-mail) copies;
 - (ii) in person; or
 - (iii) by telephone.
- (d) In applying these procedures, the principles on which they are based must not be overlooked.

It should be clearly understood that while this procedure is to be followed for all complaints, there may be situations that call for alternative handling. In any case, the following basic principles apply:

- Action
- Common Sense
- Commitment
- Discretion
- Empathy
- Fairness
- Flexibility

It should be appreciated that most people want:

- (i) to be heard;
- (ii) to be informed;
- (iii) to be understood and taken seriously;
- (iv) to be respected;
- (v) to be given an explanation or reason for a decision;
- (vi) to get action or resolution as soon as possible; and
- (vii) to be given an apology, where appropriate.

- (e) What do the procedures contain?

The complaint procedures include the following:

- (i) a description of how persons can make a complaint;
 - (ii) the process to review a previously made decision on a complaint;
 - (iii) guidelines for Employees to process and resolve a complaint;
 - (iv) reporting procedures;
 - (v) preventative-action guidelines;
 - (vi) review process for making changes to current complaints-handling process and to current actions and policies; and
 - (vii) a brief description of how the City of Vincent addresses the Australian Standards (AS4269-1995) criteria on Complaint Handling.
- (f) Do we accept all complaints?
- (i) All complaints that fall within the Council's jurisdiction will be heard and treated equally and fairly according to these procedures, whether or not the person can or will be satisfied. Each complaint should be viewed as an opportunity to improve customer satisfaction, rather than just a complaint. It should be remembered that we are actually dealing with the person's perception of the situation, right or wrong, as well as the basis of the complaint.
 - (ii) The only time a complaint will not be processed through the City's Complaint Handling Procedure is when the person's concern is not within the City's jurisdiction. There may also be circumstances for which the City is not responsible, but this may not be apparent until part way through the process. The complainant should then be redirected to the appropriate authority. Details of the referral are to be recorded in notes (in the CARS record).
- (g) Associated documents:
- Complaint Review Form (Appendix 1)
 - Customer Service Charter (Appendix 4)
 - Customer Service Complaint Form: "How to make a Complaint" (Appendix 5)

1.3 Service Requests and Complaints

The City is committed to the efficient and fair resolution of service requests or complaints and the provision of quality customer service.

A "service request" is defined as a person's demand, however made, for a service to be provided or an action to be undertaken by the City.

All Employees have the authority to handle complaints at the 1st Level as prescribed within these Management Procedures.

To achieve the above, Employees should be patient and sympathetic and above all listen to what the person's grievance/concerns.

1.4 Anonymous Complaints

(a) No action will be initiated on complaints/requests where the complainant declines to provide their name and/or contact details unless:

- (i) the matter being brought to the attention of the City is in breach of statutory provisions or the Council's Code of Conduct; or
- (ii) a description of the matter is one that could be considered life threatening, a "serious risk", or create a health hazard or has a legal or financial implication for the Council.

(b) Notwithstanding clause (a), the Chief Executive Officer and Executive Managers may use their discretion to investigate anonymous complaints.

1.5 Customer Service Action Request Module (CARS)

CARS is the primary tool for recording and tracking complaints and for reporting our performance in relation to complaints. Recording complaints accurately and completely is therefore vitally important. Every Employee who has any form of customer contact is expected to be familiar with the process of handling and recording a complaint. A full understanding of the process will ensure the correct person records the complaint correctly in CARS.

All complaint letters shall be registered through the City's Records Section and documented at each stage of assessment.

1.6 Cost

Subject to statutory charges and Council requirements, the processing of a complaint is free of cost.

2. COMPLAINTS PROCEDURE GUIDING PRINCIPLES

This procedure is provided in various Parts to outline the administrative practices for all complaint handling and the workflow applicable to complaints.

- (a) The Chief Executive Officer has the overall responsibility for co-ordinating the complaints policy and procedures.
- (b) Executive Managers/Section Managers are responsible for investigating complaints arising from activities undertaken by their area of operation.
- (c) The Council's Customer Service Charter applies to all persons who have contact with the City, and Employees must ensure that the Charter is likewise applied to persons making a complaint.
- (d) Employees responsible at each Level are to ensure that complainants are advised of the progress of their complaint, within the following timeframes:
 - (i) all complainants will be provided with an initial reply or acknowledgement, detailing likely action, within **two (2) working days** of receipt;
 - (ii) if the complaint is referred for next Level investigation, the complainant will be advised in writing within **five (5) working days** of the referral;
 - (iii) all complainants are to be informed of action taken (and/or progress) within **ten (10) working days** of receipt of the original complaint; and
 - (iv) if the complaint requires extended investigation, the complainant is to be advised and kept informed of progress at least every **fifteen (15) working days**;
- (e) All complaints must be recorded on a Complaint Form (available in Customer Action Request Module Templates), completed and subsequently registered in Customer Action Request Module (CARS). Each Section shall be responsible for recording any complaints/requests received. Internal procedures are to be followed.
- (f) Complainants should be encouraged to preferably submit their concerns in writing addressed to the City and signed by the complainant including his/her address and contact details.
- (g) Verbal complaints (via telephone or in person) must be directed to the appropriate Employee, recorded and registered in Customer Action Request Module. If a complaint is resolved over the telephone or when the person attends the Administration and Civic Centre in person, it is still advisable to register the complaint into Customer Action Request Module, to note that the person is satisfied with the response, and close the complaint, in case the person, at a later stage, requests to take the matter further.
- (h) Employees are required to use discretion when receiving repetitive complaints. If the complaint is of a serious nature, it must be investigated;

- (i) Persons should generally, when first attempting to make a complaint, be given a copy of the City's brochure "Customer Service Complaint Form", which includes details of the City's Complaints Management Procedures.
- (j) All information provided by a complainant is to be treated as confidential. Care must be taken not to pass on any information to other persons who are not involved in the matter. Complainants may need reassurance that information provided will be treated confidentially.
- (k) Records created in recording and registering a complaint are subject to the provisions of Freedom of Information legislation. Sensitivity is required when recording information relating to a complaint.
- (l) Some people may have special communication requirements. It may be that they need assistance with writing a complaint or reading a letter. Therefore, a response letter must be in plain, simple English. People with special communication needs may require to be spoken to slowly and clearly, keeping explanations simple, and may need things repeated or rephrased. They may require technical modifications and communications such as to the phone so there might be no need to shout into the phone. More specialised assistance can be arranged as listed below:
 - (i) a deaf person may contact Council via the Australian Communication Exchange (ACE) whereby the conversation is relayed to a standard phone via a telephone typewriter used by the deaf person. (Ph - 132544);
 - (ii) Auslan Interpreters can be booked to arrange a face-to-face meeting with a deaf person. (The Western Australian Deaf Society Inc Ph - 9443 2677); and
 - (iii) for people who do not speak English or for whom English is a second language, assistance can be obtained from the Translating and Interpreting Service (TIS) on Ph – 131450.
- (m) Training will be provided to Employees responsible for receiving and/or resolving complaints and those responsible for managing and processing more serious complaints will be provided with more specialised training in conciliation, mediation and investigation.

3. HANDLING THE COMPLAINT

3.1 Procedure for All Complaints

The following procedure shall be applied to all complaints:

"All Employees will assist complainants in the case of straightforward, minor complaints, ensuring appropriate action, resolution and response to the complainant."

3.2 Verbal Complaints

An Employee receiving a verbal complaint must record the details in CARS and forward the matter to the appropriate Employee.

Exceptions to this are:

- (a) to ensure incoming calls are answered in a timely manner, the City's switchboard operator initially taking the complainant's call will transfer the call immediately to the appropriate Employee;
- (b) if the relevant Employee is not available, and will not be available within **four (4) business working hours**, the switchboard operator will note relevant details and create a Customer Service Request within the next **four (4) business working hours** for the appropriate Employee. This means the appropriate Employee will have received the complaint within **eight (8) hours**, allowing time to respond to the complainant within **twenty-four (24) hours**.

3.3 Written complaints

All complaints received in writing must be registered as an incoming document in CARS by the Records Officer and the paperwork forwarded to the relevant Divisional Secretary. The Secretary will attach any work-flow necessary and forward to the appropriate Employee.

Special exceptions:

- (a) This procedure does not apply where the complaint relates to alleged issues of workplace **violence, bullying, harassment**, or any form of **discrimination**. The Council has separate policies covering these types of complaints. (If in doubt, the Employee receiving a complaint of this nature is to contact the relevant Executive Manager or Human Resources Manager for advice on the specific procedure).
- (b) All complaints of an alleged **criminal** nature, shall be reported confidentially and directly to the Chief Executive Officer in the first instance.

3.4 Written or Verbal response?

The complainant and the nature of the complaint will determine whether or not the response should be in writing. There is an element of judgment, however the following should apply:

- (a) If the complainant requests a response in writing at any time, even if they were originally satisfied with a verbal response, a written response should be forwarded, with at least confirmation of what has transpired verbally to date.
- (b) When the issue involves policy, local laws or legislation, a written response is advisable.
- (c) If after several attempts you are unable to contact the complainant by phone, respond in writing immediately after the last attempt. Delaying your response may compound their concerns.

- (d) When investigation prolongs a response, the complainant is to be advised of this anticipated delay within **two (2) days** by phone, or where phone contact has not been possible, in writing immediately.
- (e) A response in writing will be forwarded to the person by the Employee taking responsibility for the complaint and/or its resolution.

Regardless of the form of the response, **it is absolutely essential that it is recorded** (preferably in CARS). If you are providing a verbal response, record the details.

3.5 Commitment

At each contact with the complainant, there will be a commitment as to when the person can expect to hear from an Employee next, and the name of the Employee they should contact for further information if required. The commitments must be recorded and any actions taken as a result will also be added to the notes.

Therefore the Employee taking responsibility/action will respond immediately on at least the following points:

1. Ensure we have a clear understanding of the person's concern by repeating it back to them in another way, *"So my understanding is that you would like the City of Vincent to....."*
2. Convey to the person all relevant information as available and, if possible, a suggested outcome.
3. Advise the expected time that will be taken before they will hear from an Employee again. Where applicable and always if requested, make an appointment for the person to meet with the relevant Employee.
4. Give the name and contact number of the Employee who will be their point of contact for future enquiries in relation to this issue. Include your name and telephone number as a secondary contact.

3.6 Serious Complaints

- (a) In the case of complaints of greater concern, or the complaint being outside the front line (1st Level) Employees' duties, the complaint must be formally referred to the Section Manager/Executive Manager (2nd Level) responsible for the subject of the complaint and the complainant advised of this action.
- (b) Serious complaints involving inappropriate behaviour of Employees (i.e. violence, bullying, discrimination or harassment) shall be directed to the relevant Divisional Executive Manager and, where appropriate, the Chief Executive Officer.
- (c) Organisational Human Resource Management principles will apply to Employees who are the subject of a complaint.
- (d) Serious complaints involving personal injury, criminal activity, misconduct, a breach of the law or financial implications, and complaints which involve the need for a detailed knowledge of Council's operations and procedures, shall be directed to the Chief Executive Officer/Review Panel (3rd Level).

Where such complaints are assessed as being more appropriately addressed under the Public Interest Disclosure Act (i.e. they relate to corrupt or improper conduct), they shall also be directed to the nominated Public Interests Disclosure Officer (Executive Manager Corporate Services) and dealt with under the City of Vincent Public Interest Disclosure Act - Internal Procedures.

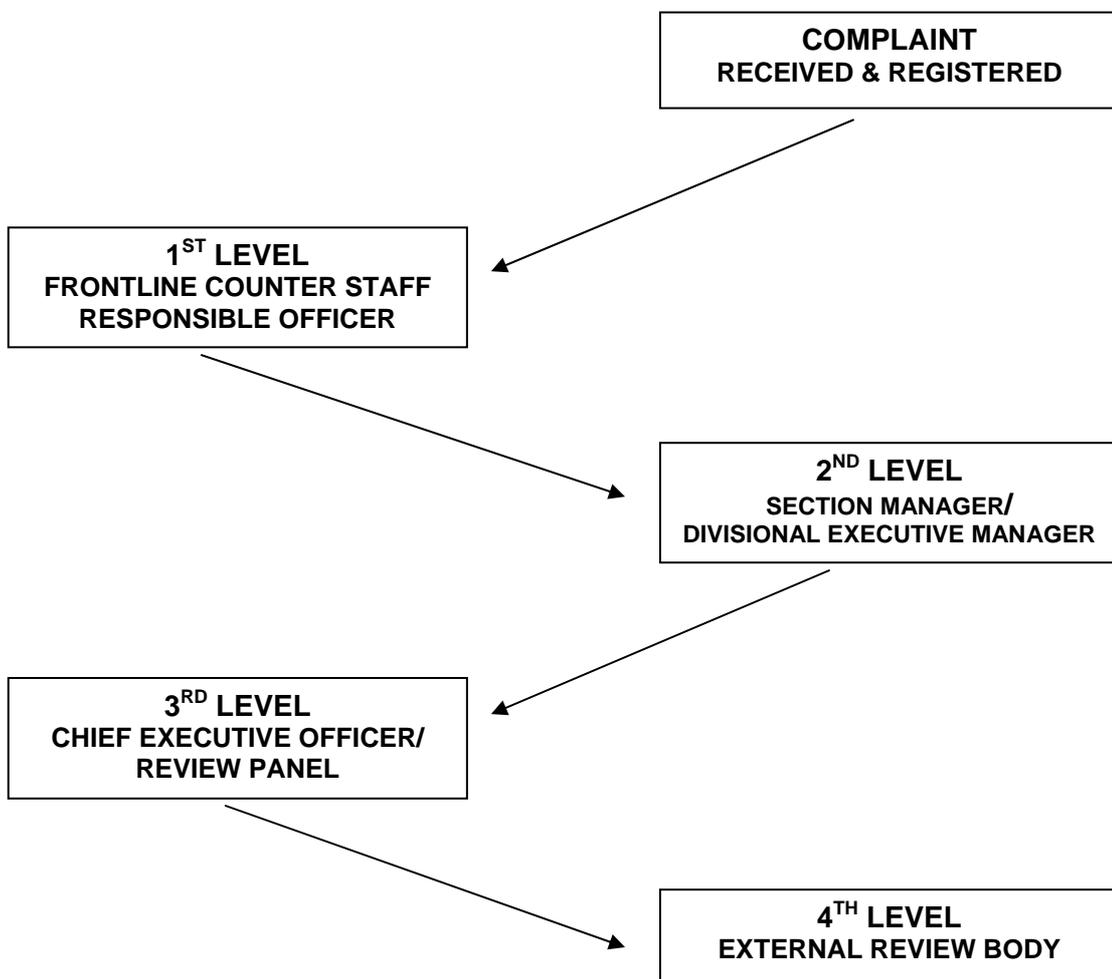

First contact:

For *all* complaints received, the time taken to respond to the complainant contributes significantly to the outcome, helping to determine the level of customer satisfaction. The first follow-up contact from the City will be **within 24 hours**, and by telephone whenever possible, noting the details of the contact in CARS. In some circumstances, this may simply be confirmation that the City has received the complaint, together with advice on when the customer can expect to hear further, and from whom. An appointment will be made when a person requests a 'face-to-face' interview.

Subsequent contacts:

Written responses will be forwarded **within ten (10) working days**. Note: This will be in addition to any personal follow-up within **24 hours**.

3.7 Complaints Handling Flow Chart

4. EMPLOYEES GUIDELINES – LEVEL OF AUTHORITY/REVIEW OF THE COMPLAINT

Dealing with complaints is not somebody else's problem; it is every Employee's responsibility. If you receive a complaint you may not be the most appropriate person to resolve it, but the process does start with you recording it, even if you will have no further involvement. The Employee first receiving the complaint is responsible for initiating the process.

4.1 First Level – Front Line Employees (All Employees)

(a) Level of Authority:

- (i) authority to resolve mistakes that have no cost or liability (present or future) to the Council; and
- (ii) authority to apologise for errors as long as the admission is not an admission of liability on the Council's behalf.

Note: All actions in response to complaints must be documented at each Level for later analysis.

(b) Actions to be Undertaken:

- (i) be courteous - greet the person properly, advise them of your name and position, ask how you can assist them;
- (ii) listen to what they have to say, give them time to tell their story;
- (iii) use good listening skills, maintain eye contact, lean forward if sitting down, adopt an open body posture;
- (iv) seek clarification of any points you are not clear on in a non-judgemental way;
- (v) if known, provide any relevant information that will assist the complainant to better understand the decision or action that they complained about;
- (vi) make it clear you understand the complaint - summarise the main points and check that you have got them right;
- (vii) ask, "If it is possible, what would you like us to do?";
- (viii) advise clearly what you can and cannot do;
- (ix) provide the customer with a copy of the Council's "Customer Service Complaint Form" and/or "Customer Service Charter" brochures, if necessary
- (x) try to meet any reasonable requests that would resolve the matter if within delegated authority limits, or advise that the matter must be handled by the Section Manager or Executive Manager, Chief Executive Officer or an Independent External Review Body. If you have to refer the matter on, refer it to the appropriate person don't just "palm it off";

- (xi) show empathy - don't dismiss the complaint out of hand;
- (xii) treat the complainant respectfully, pleasantly and professionally;
- (xiii) decide what is the appropriate course to take;
- (xiv) take this action and inform the complainant;
- (xv) record the complaint using if possible Council's standardised "Complaint Form" ensuring that it is signed, dated and the complainant's address is recorded;
- (xvi) provide a copy of the completed complaint form to the complainant;
- (xvii) ensure that the complaint is registered through Central Records Procedures including subsequent action taken or referral to next Level, for later trend analysis; and
- (xviii) follow up in writing on action taken (i.e. if verbal apology given, confirm in writing).

If front line (1st Level) Employees are not authorised within these procedures to resolve the grievance, Employees must refer the person to the Second Level (Section Manager/Executive Manager) for resolution. If the person is still dissatisfied with the resolution reached at the Second Level, the matter is to be referred to the Third Level (Chief Executive Officer/Review Panel) for review.

- (c) When to refer a complaint on:
 - (i) when the complaint is about your own conduct and you are not confident that you can deal with it fairly and objectively or when the complainant requests it be dealt with by another officer - Refer to Section Manager;
 - (ii) when the complaint is outside your authority or area of expertise - Refer to relevant Section Manager/Executive Manager;
 - (iii) when the complaint should automatically be referred to the 3rd Level or external body - Refer to CEO; or
 - (iv) when an Employee or Elected Member is alleged to have committed a criminal offence, acted corruptly or engaged in misconduct behaviour or other serious or controversial conduct – or when significant disciplinary action is a possible outcome - Refer to the Chief Executive Officer.

- (d) When you have to refer a complaint on:

Where the complainant expresses dissatisfaction with the outcome of the complaint or the manner in which it was handled, the Employee handling the complaint will forward the history of the complaint to the Section Manager. The Section Manager will review the details and the manner in which it was handled, and reconsider the outcome. The Section Manager will advise the complainant that the result of the review will be conveyed to them within the following 48 hours. The Executive Manager will ensure that this occurs, and will also record the results of the review.

- (i) Ensure that the reviewing person/body is fully briefed on the details of the complaint so as to alleviate frustration by the complainant of having to explain everything a second or, worse still, a third time.
- (ii) Ensure that you have completed and registered through the Central Records Procedures appropriate documentation of actions you have undertaken in regard to the complaint.

4.2 Second Level Employees – Section Managers / Executive Managers:

- (a) Level of Authority:

- (i) same as 1st Level;
- (ii) authority to review actions of 1st Level Employees' decisions;
- (iii) ability to conciliate within the limits of their authority;
- (iv) authority to suggest a waiver of nominated fees (to be confirmed by the authority of the Chief Executive Officer under delegated authority);
- (v) ability to revoke instructions or orders when within their authority and where the circumstances warrant such revocation;
- (vi) resolve minor customer service complaints within their respective Sections/Divisions; and
- (vii) provide correct or supplementary advice where required.

- (b) Review:

A review by the 2nd Level Employees, by reconsidering the original decision or action and then instigating corrective action where appropriate, is the easiest of the review options available at the 2nd Level. The review will include the following:

- (i) assess the grievance, or review the decision of the 1st Level;
- (ii) once resolved (and decision actioned) or a decision to refer to the next Level is made, ensure the action taken is recorded on the complaint report form; and
- (iii) provide the person with written confirmation of the action taken (if appropriate).

4.3 Third Level Employees – (Chief Executive Officer / Review Panel)

- (a) Persons who are still dissatisfied after this review must be advised of their right to have the matter referred to the Chief Executive Officer and/or a **Review Panel**. This process gives the person another opportunity to have their views reconsidered by senior Council officers, before final deliberation.
 - (i) The 'Review Panel' shall comprise a minimum of two Executive Management Team members, usually the Chief Executive Officer and the relevant Executive Manager. A Review Panel may assist in satisfying complainants that they have had a fair hearing, even after the rejection of their initial complaint.
 - (ii) The complainant will be invited to attend the review, and relevant Employees may also be asked to attend, to clarify information. It is emphasised that this review process should be regarded as an option only to be used in exceptional circumstances. Review Panel meetings and outcomes will be minuted.
 - (iii) Persons who do not wish to accept the outcome/response given by the Review Panel will be advised at this point that they have the right to take their concerns to an external "complaints" agency.
- (b) Level of Authority:
 - (i) Review the decisions of the First and Second Level Employees and:
 - (1) Authorise the reimbursement of fees/charges paid (where it is included in the Delegated Authority Register and considered such reimbursement is justified);
 - (2) authorise the rectifying of the problem that prompted the complaint;
 - (3) authorise the payment of an amount to cover costs (in part or in full) incurred by the complainant to rectify the problem which lead to the complaint, on a "without prejudice" signed agreement basis, if warranted;
 - (4) authorise the waiving of notices or orders where action is not contrary to a Council decision, policies, legislation or local laws (if authorised under Delegated Authority); and
 - (5) authorise the deferment of legal or other action, pending reporting the matter to the Council for a decision.
 - (ii) Consider any serious complaints involving personal injury, inappropriate behaviour of Employees, a possible breach of the law or financial implications, and complaints that require a detailed knowledge of Council's operations and procedures.
 - (iii) Direct complaints about decisions of Council where due process has not been followed, corrupt conduct, criminal actions or serious improper conduct, to an external body for investigation.

4.4 Fourth Level – External Review Body

- (a) Where the complainant is still dissatisfied with the decision, the complainant is to be advised of the alternative agencies and departments available for independent review of the complaint. These agencies include, but are not limited to:
 - (i) State Ombudsman;
 - (ii) Corruption and Crime Commission;
 - (iii) Department of Local Government;
 - (iv) Equal Opportunity Commission;
 - (v) WA Police; and
 - (vi) Commonwealth Ombudsman;
- (b) The Chief Executive Officer may also refer matters to external bodies for investigation.

These include:

- (i) complaints regarding a Council decision where due process has not been followed;
- (ii) allegations of misconduct (behaviour), criminal or corrupt activity;
- (iii) issues that in the view of the CEO warrant independent review.

4.5 Procedure to be taken Prior to Referral to an External Review

Prior to referral to an External Review body, the Chief Executive Officer shall follow the procedures prescribed in Section 5.

4.6 Procedure to be taken for the Investigation of a Complaint/Allegation

- (a) Check if there are any previous complaints from this person.
- (b) Contact the complainant (if necessary) to:
 - (i) clarify the complaint;
 - (ii) clarify the outcome sought;
 - (iii) check whether they need support of any kind whether they have poor sight, hearing or a language difficulty, and what they need to understand the discussion properly; and
 - (iv) explain the investigation and referral procedure.
- (c) Brief yourself on the relevant legal and administrative background of the complaint.

- (d) Assess whether the complaint procedure is the most appropriate way of handling the complaint. If not, discuss alternatives with the complainant (i.e. Appeals to tribunals, legal action, Public Interest Disclosure or police).
- (e) Consider whether the complaint could be resolved without further investigation.
- (f) Obtain all relevant documents (ensuring you see the originals, not copies). These may include; files, log books and timesheets. Arrange for copies of all the documents reasonably required.
- (g) Establish the relevant sequence of events from the files and also the names of the persons most directly involved in the complaint.
- (h) Prepare a line of questioning for each person to be interviewed:
 - (i) use open, not leading, questions;
 - (ii) do not express opinions in words or by your body language; and
 - (iii) ask single, not multiple, questions.
- (i) Arrange the order of interviews so that where you need to establish normal procedures, (commence with the senior officers and end with the Employees most directly involved in the complaint).
- (j) Where applicable, inform those Employees to be interviewed that they can be accompanied by a friend (advocate) or a union representative, provided the friend is not in a supervisory position over the interviewee. Explain the complaint clearly to them. (Not applicable to a Review Panel.)
- (k) Consider whether you need a witness for a particularly difficult interview.
- (l) Interviews should be conducted in an informal and relaxed manner, but persist in your questions if necessary. Don't be afraid to ask the same question twice. Make notes of answers or tape the interviews (whichever is most appropriate).
- (m) Try to separate hearsay evidence from fact by asking interviewees how they know a particular fact.
- (n) Deal with conflicts of evidence by seeking corroborative evidence.
- (o) At the end of the interview, summarise the main points covered by the interviewee and ask if they have anything to add.
- (p) Make a formal record of the interview from your written notes as soon as possible after the interview while your memory is fresh. Never leave it longer than the next day.
- (q) Draft a report setting out the evidence obtained (preferably without including your own opinions) and circulate this for comment to all those interviewed, including the complainant, unless there are special reasons not to do so.
- (r) Consider comments and amend the report as necessary, adding conclusions, and if appropriate, a suggested remedy for the complainant.

Conciliation

If a review is not an option then the next phase should be conciliation.

Complaints about personnel, especially rudeness or other improper conduct complaints, often are more conducive to semi-formal conciliations. The aim is to prevent the complaint from escalating into a larger and more time-consuming dispute.

Often, prompt attention to a complaint may be better received and may result in conciliation being achieved to the satisfaction of the parties in a short period of time.

If the matter is complicated and emotions play a substantial part, the elapsing of time can assist in allowing tempers to cool, advice be obtained and alternatives to be investigated and considered.

Conciliation should not be undertaken in the following cases:

- (a) the complaint is complex;
- (b) the facts are likely to be in dispute and investigation may be needed;
- (c) disciplinary action is a strong possibility;
- (d) the outcome the complainant is demanding cannot be provided by the conciliator;
or
- (e) questions of precedence for the organisation may be involved.

“If 2nd Level Employees do not have the authority within these procedures to resolve the grievance, Employees must refer the complainant to the Third Level (CEO/Review Panel) for resolution. If the person is still dissatisfied with the resolution reached at the second Level, the matter is to be referred to the 3rd Level for review.”

Apology

“A sincere apology for errors can be a potent weapon in resolving complaints!”

If an apology is warranted, it should be given immediately in a sincere manner. If not warranted, an apology for the situation arising that has caused the person to complain can be given without accepting blame for the organisation.

5.4 Protection of Employees Reporting Unacceptable or Illegal Behaviour

The Chief Executive Officer is to ensure that Employees who report unacceptable or illegal behaviour of Elected Members or Employees (that is, “whistleblowers”) are not in any way disadvantaged or victimised because of their actions. The Chief Executive Officer’s action is limited to matters for which he/she has responsibility and/or jurisdiction to act.

5.5 Corruption and Crime Commission Act 2003

Elected Members and Employees must be aware of the Corruption and Crime Commission Act 2003 which requires the Principal Officer of an organisation (ie: the Chief Executive Officer) to report possible misconduct or corruption to the Commission. Penalties will prevail if a person who makes a complaint:

- (a) has his or her safety or career prejudiced, or threatened to be prejudiced;
- (b) is intimidated or harassed; or
- (c) has an act done to his or her detriment because of having assisted the Commission, or furnished information to the Commission.

5.6 Definitions

The Corruption and Crime Commission has produced the following information:

What is “Misconduct”?

“Misconduct” essentially occurs if a public officer:

- (a) Corruptly Acts or Corruptly Fails to Act – in the performance of the functions of the public officer’s office of employment;
- (b) Corruptly Takes Advantage for Own Benefit or Detriment to Another – a public officer corruptly takes advantage of the public officer’s office or employment as a public officer to obtain a benefit for himself or herself or for another person to to cause a detriment to any person; or
- (c) Commits an Offence in Official Capacity – a public officer whilst acting or purporting to act in his or her official capacity, commits an offence punishable by 2 or more years’ imprisonment.

OR

A Public Officer engages in conduct that:

- (i) adversely affects or could adversely affect, the honest or impartial performance of the functions of a public authority or public officer whether or not acting in their official capacity at the time;
- (ii) involves the public officer performing his or her functions without honesty or impartiality;
- (iii) constitutes or involves a breach of trust placed in the public officer by reason of his or her office or employment as a public officer; or
- (iv) suggests that the public officer misused information for personal benefit or the detriment of another person.

AND constitutes or could constitute:

- (1) an offence against the *Statutory Corporations (Liability of Directors) Act 1996*;
- (2) an offence against any other written law; or
- (3) a disciplinary offence that could lead to termination of employment if the disciplinary process in the *Public Sector Management Act* were applied (even if the *Public Sector Management Act* does not apply to the position).

What does “Corruptly” mean?

The term “corruptly” is not defined under the Act. Corruption usually involves calculated, often continuing, covert and wrongful exercise of public duty or function. The Criminal Code also provides guidance by defining the offence of corruption at section 83, in the following terms:

“... *Any public officer who, without lawful authority or a reasonable excuse:*

- (a) *acts upon any knowledge or information obtained by reason of his office or employment;*
- (b) *acts in any matter, in the performance or discharge of the functions of his office or employment, in relation to which he has, directly or indirectly, any pecuniary interest; or*
- (c) *acts corruptly in the performance or discharge of the functions of his office or employment.*

so as to gain a benefit, whether pecuniary or otherwise, for any person, or so as to cause a detriment, whether pecuniary or otherwise, to any person...”

6. REPORTING & ANALYSIS:

The Co-ordinator Customer Service shall gather data from CARS, records monthly and report complaint totals to the Section Managers for Key Result Area (KRA) reporting and to the Executive Managers. The individual complaint reports are analysed monthly to monitor customer satisfaction, by measuring trends and outcomes, and identifying “one-off” situations.

Where appropriate, results are publicised to all Employees, and where there is progress, results and service improvements are publicised community-wide as they occur.

- (c) The “Complaint Review Reports” File is examined annually by the CEO.
- (d) Complaint statistics and service improvements arising from complaints will be published in an annual report to the Council.

7. PREVENTATIVE ACTION

- (a) Information gathered from the reporting process enables the City of Vincent to monitor processes, trends, and ‘hot’ issues. Steps are then taken to prevent recurrence, through the creation of Business Improvement Requests (BIRs).
- (b) Time is also allocated once a year to pro-actively discuss potential areas of concern, and to consider ideas for enhancing customer satisfaction within the City of Vincent.

8. REVIEWING THE PROCESS

- (a) The formal procedure for review is carried out annually by a team made up of a Co-ordinator Customer Service and Section Managers. In addition to the Council's internal audit process, the independent external auditors may also test the process.
- (b) A register of all complaints will be kept by the Co-ordinator Customer Service and those not responded to within the specified time frame, will be referred to the relevant person (Chief Executive Officer/Executive Manager/Section Manager) on a monthly basis.
- (c) An analysis of complaints will be undertaken on an annual basis. The City will measure and review this data to ensure that its complaints management process is performing appropriately and reviewed and amended as required. This information will also be used to identify systematic and recurring problems in order to recognize opportunities to provide improved service delivery and internal processes.
- (d) The Customer Complaints Management Procedures will be reviewed on an annual basis.
- (e) The review considers the effectiveness of the procedure, and whether or not it is user friendly for Employees and customers. Evidence of the effectiveness of the procedure will come from, but is not limited to, several sources, including:
 - (i) random customer complaint follow-up calls;
 - (ii) internal and external audits of managed complaints;
 - (iii) annual pro-active meetings;

How the Town deals with a complaint.

The Town has a comprehensive procedure which will be followed for all complaints.

What will happen if I make a complaint?

A Town employee will register your concerns and follow up with the appropriate section/employee. The Town will attempt to resolve your complaint at the first point of contact if appropriate; if this is not possible, the complaint will be transferred to a more senior employee. Should the issue still not be resolved, the Town's Chief Executive Officer will conduct an internal review.

How long will this take?

The Town attempts to resolve all complaints and inform you of the result within 5 working days. We will continue to provide you with regular progress reports if your issue cannot be resolved within that timeframe.

What if I am still unhappy?

If you are not happy with the Town's response to your complaint, you can request that the issue be reviewed by the State Ombudsman or the Department of Local Government and Regional Development. At any stage you may also choose to refer your complaint to an external mediator. Information on independent external agencies may be obtained from the Town's Co-ordinator Customer Service.

Keeping track of your complaint.

We aim to respond to complaints as swiftly as possible, but will always maintain lines of communication until the complaint is finalised. The Town employee who is dealing with your complaint will keep you informed of its progress. If the issue is transferred to another employee, you will be provided with the new contact details.
